**ORAGENICS, INC.
PROXY STATEMENT
FOR HOLDERS OF COMMON STOCK
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JUNE 22, 2018**

General

This Proxy Statement is furnished to shareholders, of Oragenics, Inc., a Florida corporation (the “Company”), in connection with the solicitation of proxies by the Company’s Board of Directors from shareholders for use at the 2018 Annual Meeting of Shareholders to be held at 9:00 a.m. local time at the Grand Hyatt Tampa Bay, 2900 Bayport Drive, Tampa, Florida 33607 on June 22, 2018 (including any postponements or adjournments thereof, the “Annual Meeting”).

The Annual Meeting will be held for the following purposes:

- (i) To re-elect five (5) Directors of the Company to serve until the next annual meeting of shareholders;
- (ii) To conduct a non-binding advisory vote on executive compensation;
- (iii) To approve the adoption of an amendment to our Amended and Restated Articles of Incorporation which will increase the number of authorized shares of our Common Stock from 45,000,000 shares of Common Stock to 200,000,000 shares of Common Stock;
- (iv) To approve the amendment of our 2012 Equity Incentive Plan (the “2012 Incentive Plan”) to, among other things, increase the number of common shares available for issuance under the 2012 Incentive Plan by 1,500,000 shares;
- (v) To ratify the selection of Mayer Hoffman McCann P.C. as the Company’s independent auditors for the year ending December 31, 2018; and
- (vi) To transact such other business as may properly come before the Annual Meeting.

This Proxy Statement and the accompanying Proxy are first being mailed to shareholders of the Company on or about May 17, 2018.

Note Regarding Reverse Stock Split

Effective January 19, 2018, we filed an amendment to our Amended and Restated Articles of Incorporation with the Secretary of State of the State of Florida to effect a reverse split of our authorized and outstanding common stock at a ratio of one for ten. All share and per share amounts reflected in this proxy statement have been adjusted to reflect the reverse stock split.

Record Date and Voting Securities

Only shareholders of record of the Company at the close of business on May 8, 2018 (the “Record Date”) will be entitled to notice of, and to vote at, the Annual Meeting. As of April 30, 2018, there were 6,086,635 shares of common stock issued and outstanding (“Common Stock”). Each share of Common Stock is entitled to one vote for each share of Common Stock held. In addition, on the Record Date we had the following shares of Preferred Stock outstanding:

- 9,417,000 shares of Series A Non-Voting, Convertible Preferred Stock, convertible into 941,701 shares of common stock;
- 6,600,000 shares of Series B Non-Voting, Convertible Preferred Stock convertible into 1,320,002 shares of common stock; and
- 101.733 shares of Series C Non-Voting, Non-Convertible Preferred Stock.

Notwithstanding the Record Date specified above, the Company’s stock transfer books will not be closed and shares may be transferred subsequent to the Record Date. However, all votes must be cast in the names of shareholders of record on the Record Date.

[Table of Contents](#)

Quorum Requirement

The holders of record of a majority of the votes of Common Stock entitled to be voted at the Annual Meeting, present in person or by proxy, are required to establish a quorum for the Annual Meeting and for voting on each matter. A broker non-vote is when a brokerage firm or bank holding shares of record for their customers in street name does not receive specific instructions from their customers, as the beneficial owners, and the brokerage firm or bank advises that it lacks discretionary voting authority on a particular proposal and has not received instructions from the beneficial owner.

Vote Required

PROPOSAL I: Election of Directors. The election of five Directors by the holders of Common Stock will require a plurality of the votes cast by the shares of Common Stock represented and entitled to vote in the election at the Annual Meeting. With respect to the election of Directors, shareholders may (i) vote “for” each of the nominees, (ii) withhold authority for each of such nominees, or (iii) withhold authority for specific nominees but vote for the other nominees. Because the Directors are elected by a plurality of the votes cast by the shares represented and entitled to vote and are running unopposed, any nominee can be elected upon any affirmative vote regardless of whether such nominee receives more than 50% of the shareholder vote. Votes that are withheld or a broker non-vote will have no effect on the outcome of the election of Directors.

PROPOSAL II: To conduct an advisory vote on executive compensation.

PROPOSAL III: To approve the adoption of an amendment to Company’s Articles of Incorporation to increase the number of authorized shares of common stock from 45 million shares to 200 million shares. Approval requires the affirmative vote of a majority of the shares of Common Stock of the Company present in person or represented by proxy and entitled to vote at the Annual Meeting for approval of the plan amendment. With respect to this proposal, shareholders may (i) vote “for” the proposal, (ii) vote “against” the proposal, or (iii) abstain from voting. Broker non-votes will have no effect on the outcome of the proposal. Abstentions have the same effect as votes against the proposal.

PROPOSAL IV: Approval of an amendment to the 2012 Equity Incentive Plan increasing the number of common shares available for issuance under the 2012 Incentive Plan by 1,500,000 shares. Approval requires the affirmative vote of a majority of the shares of Common Stock of the Company present in person or represented by proxy and entitled to vote at the Annual Meeting for approval of the plan amendment. With respect to this proposal, shareholders may (i) vote “for” the proposal, (ii) vote “against” the proposal, or (iii) abstain from voting. Broker non-votes will have no effect on the outcome of the proposal. Abstentions have the same effect as votes against the proposal.

PROPOSAL V: Ratification of the selection of Mayer Hoffman McCann P.C. as the Company’s independent auditors for the year ending December 31, 2018 will require the affirmative vote of a majority of the shares of common stock present or represented at the meeting and entitled to vote on the proposal. Abstentions will not be counted in the ratification of the selection of independent auditors and will have no effect on the outcome of the selection of the independent auditors. The ratification of accountants is a routine proposal on which a broker or other nominee is generally empowered to vote in the absence of voting instructions from the beneficial owner, so broker non-votes are unlikely to result from this proposal.

Recommendation of the Board of Directors

The Board unanimously recommends that you vote your shares:

- **“FOR”** the nominees listed in Proposal I below;
- **“FOR”** the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this Proxy Statement,

Table of Contents

- “**FOR**” the approval of the adoption of an amendment to Company’s Articles of Incorporation to increase the number of authorized shares of common stock from 45 million to 200 million;
- “**FOR**” the approval of the adoption of an amendment to Company’s 2012 Equity Incentive Plan to increase the number of shares authorized for issuance from 750,000 to 2,250,000;
- “**FOR**” the ratification the selection of Mayer Hoffman McCann P.C. as the Company’s independent auditors for the year ending December 31, 2018.

Voting

All shares entitled to vote and represented by properly executed proxies received prior to the Annual Meeting, and not revoked, will be voted at the annual meeting in accordance with the instructions indicated. If you submit a proxy and do not make voting selections, the shares represented by that proxy will be voted as recommended by the Board. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the annual meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. To the extent permitted by Rule 14a-4(c) of the Securities and Exchange Commission, the persons named as proxies on the proxy cards will have discretionary authority to vote in their judgment on any proposals properly presented by shareholders for consideration at the Annual Meeting that were not submitted to the Company within a reasonable time prior to the mailing of these proxy materials. At the time this proxy statement was mailed, we were unaware of any matters proposed to be acted on at the Annual Meeting other than those discussed in this proxy statement.

Shareholders of record — If your shares are registered directly in your name with Oragenics’ transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, the shareholder of record, and the proxy materials and Annual Report have been sent directly to you. As a shareholder of record, you may instruct the proxy holders how to vote your shares by completing, signing, dating and returning the proxy card in the postage pre-paid envelope provided. Proxy cards submitted by mail must be received by the time of the Annual Meeting in order for your shares to be voted. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board.

If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted, will be superseded by the vote that you cast at the Annual Meeting. If you plan to attend the annual meeting, please bring proof of identification for entrance to the annual meeting.

Beneficial owners — Many Oragenics shareholders hold their shares through a broker, trustee or other nominee, rather than directly in their own name. If your shares are held in a brokerage account or by a bank or another nominee, you are considered the “beneficial owner” of shares held in “street name,” and the Annual Meeting proxy materials have been forwarded to you by your broker, trustee or nominee who is considered, with respect to those shares, the shareholder of record. As a beneficial owner, you have the right to direct your broker, trustee or other nominee on how to vote your shares, and you will receive instructions from them that you must follow in order to have your shares voted. The instructions from your broker, bank or other nominee will indicate if Internet and telephone voting are available, and if they are available, will provide details regarding Internet and telephone voting.

Because a beneficial owner is not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting.

Changing Vote; Revocability of Proxies

Subject to any rules your broker, trustee or nominee may have, you may change your proxy instructions at any time before your proxy is voted at the Annual Meeting.

Table of Contents

Shareholders of record — If you are a shareholder of record, you may change your vote (1) by delivering to us (Attention: Corporate Secretary, 4902 Eisenhower Blvd., Suite 125, Tampa, Florida 33634), prior to your shares being voted at the Annual Meeting, a later dated written notice of revocation or a duly executed proxy card, or (2) by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy). A shareholder of record that has voted on the Internet or by telephone may also change his or her vote by subsequently making a timely and valid later Internet or telephone vote.

Beneficial owners — If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your broker, trustee or nominee, or (2) if you have obtained a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares, by attending the Annual Meeting and voting in person.

Effect of Not Casting Your Vote

Shareholders of record — If you are a shareholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the Annual Meeting.

Beneficial owners — If you hold your shares in street name it is critical that you cast your vote if you want it to count in the election of directors (Proposal I), to conduct an advisory vote on executive compensation (Proposal II) and for the amendment to increase the authorized shares available under the 2012 Equity Incentive Plan (Proposal IV) since those are considered non-routine proposals under applicable NYSE American LLC rules. Under the rules if you do not instruct your broker, bank or other nominee in a timely fashion how to vote your shares (so-called “broker non-votes”) the broker or nominee can vote your shares as it sees fit only on matters that are determined to be routine, and not on any other proposal. The proposal to amend the Company’s Articles of Incorporation to increase the number of authorized shares of common stock from 45 million to 200 million (Proposal III) and the proposal for ratification of the auditors (Proposal V) are considered to be a routine proposal under NYSE American LLC rules and your nominee can vote on such proposals even if it does not receive voting instructions from you. However, your nominee cannot vote on Proposal I, Proposal II or Proposal IV without your voting instructions. Please be sure to give specific voting instructions so that your vote can be counted.

Expenses of Solicitation

We will bear the entire cost of proxy solicitation, including preparation, assembly, printing and mailing of the Proxy Materials, the Notice, and any additional materials furnished to shareholders. Copies of proxy solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names which are beneficially owned by others to forward to such beneficial owners. In addition, we may reimburse such persons for their cost of forwarding the solicitation material to such beneficial owners. Solicitation of proxies by mail may be supplemented by one or more of telephone, email, telegram, facsimile, or personal solicitation by our directors, officers, or regular employees. No additional compensation will be paid for such services.

Shareholder Proposals to Be Presented at Next Annual Meeting

Requirements for shareholder proposals to be considered for inclusion in Oragenics’ proxy materials. Shareholders interested in submitting a proper proposal for inclusion in the proxy materials for our next annual meeting may do so by submitting such proposal in writing to our offices located at 4902 Eisenhower Blvd., Suite 125, Tampa, Florida 33634, Attn: Corporate Secretary. To be eligible for inclusion, stockholder proposals must be received by us not less than 120 days before the one year anniversary on which Oragenics’ first mailed its proxy statement to shareholders in connection with the previous year’s annual meeting of shareholders, which will be February 11, 2019 for the next annual meeting, and must otherwise comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), provided, however, that in the event that the date of the annual meeting has been changed more than 30 days from the one year anniversary of the date of the previous year’s meeting, then the deadline for receipt of notice by the shareholder is within a reasonable time before the Company begins to print and send its proxy materials in order to be eligible for inclusion in the Company’s Proxy Statement and Proxy relating to that meeting.

Requirements for shareholder business or nominations to be brought before Oragenics’ annual meetings. Our bylaws do not establish an advance notice procedure for shareholders who wish to present certain matters, including

Table of Contents

nominations of persons for election to the Board and shareholder proposals not included in our proxy statement, to be brought before an annual meeting of shareholders. Shareholder proposals, including the nomination of a person for election to the Board, brought before the meeting should consider including, among other things: information as follows: (i) a description of the business desired to be brought before the meeting and the reasons for conducting the business at the meeting, (ii) the name and address, as they appear on the Company's books, of the shareholder submitting the proposal, (iii) the number of shares that are beneficially owned by such shareholder, (iv) the dates on which the shareholder acquired the shares, (v) documentary support for any claim of beneficial ownership, (vi) any material interest of the shareholder in the proposal, (vii) a statement in support of the proposal, and (viii) any other information that may be required by applicable rules and regulations of the Commission.

Shareholders may also submit a recommendation (as opposed to a formal nomination) for a candidate for membership on our Board by following the procedures set forth in "Corporate Governance — Meetings of the Board of Directors — Shareholder Recommendation of Nominees."

Delivery of Proxy Materials to Shareholders

If you share an address with another shareholder, each shareholder may not receive a separate copy of the Notice or Proxy Materials. Shareholders may request to receive a separate copy of the Notice or Proxy Materials, by writing to Oragenics, Inc., 4902 Eisenhower Blvd., Suite 125, Tampa, Florida 33634, Attention: Corporate Secretary or calling 813-286-7900. Alternatively, shareholders who share an address and receive multiple copies of the Notice or Proxy Materials may request to receive a single copy by following the same instructions.

PROPOSAL II

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Summary

As provided in the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (“Dodd-Frank Act”) and as required by Section 14A of the Securities Exchange Act of 1934, as amended, we provided our shareholders the opportunity to advise our Compensation Committee and Board of Directors regarding the compensation of our named executive officers as described in our proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (“say on pay”). Our shareholders also were asked to indicate how frequently we should seek a “say on pay” advisory vote. The shareholders were able to indicate whether they would prefer an advisory vote on named executive officer compensation once every one, two, or three years. At our 2013 annual meeting, 98.7% of shareholders voting or who abstained from voting endorsed our Board’s recommendation that the advisory “say on pay” vote be held every year. Therefore, we provide our shareholders the opportunity to advise our Compensation Committee and Board of Directors regarding the compensation of our named executive officers as described in this Proxy Statement.

As described under the heading “Executive Compensation — Compensation Discussion and Analysis,” our executive compensation programs are designed to attract and retain highly qualified leadership personnel, providing them attractive long-term career opportunities. Our compensation philosophy is to provide executives with a competitive total compensation package which motivates superior job performance, the achievement of our business objectives, and the enhancement of shareholder value. Rather than basing compensation on a series of specific performance objectives, we encourage initiative, teamwork and innovation, and each executive is enabled to use his or her abilities and particular area of responsibility to strengthen our overall performance. Please read the “Compensation Discussion and Analysis” of this Proxy Statement for a detailed description and analysis of our executive compensation programs, including information about the fiscal year 2017 compensation of our named executive officers.

It is the philosophy of the Board of Directors to align the interests of our executive officers and shareholders by integrating the executives’ compensation opportunities with our long-term corporate strategic and financial objectives. Our general approach to compensating executive officers is to pay cash salaries which generally are competitive within ranges of salaries paid to executives of other healthcare companies, particularly those of similar size and those in our geographic areas. Our compensation committee sets overall compensation at a level it believes to be fair, based upon a subjective analysis of the individual executive’s experience and past and potential contributions to us.

We are asking our shareholders to indicate their support for our named executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. We will ask our shareholders to vote “**FOR**” the following resolution at the Annual Meeting.

“**RESOLVED**, that the shareholders approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in the Company’s 2017 Proxy Statement.”

This say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board. Our Board and our Compensation Committee value the opinions of our shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider the outcome of the vote when making future executive compensation decisions.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL OF PROPOSAL II, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THIS PROXY STATEMENT.

PROPOSAL III

APPROVAL TO AMEND THE AMENDED AND RESTATED ARTICLES OF INCORPORATION OF ORAGENICS, INC. TO INCREASE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Summary

We are proposing to amend our Amended and Restated Articles of Incorporation to increase our authorized common stock from 45,000,000 shares to 200,000,000 shares. The Board of Directors has approved the Amendment and recommends approval and adoption by the shareholders.

Purpose and Effect of the Amendment

The Board of Directors is recommending the proposed amendment to increase the number of authorized shares of common stock to give the Company the ability and flexibility to issue shares of common stock for future corporate needs without the expense and delay associated with a special shareholders' meeting, except where shareholder approval is required by applicable law. The Board of Directors believes that additional authorized shares of common stock would give the Company the necessary ability and flexibility to issue shares for various corporate purposes, including, but not limited to, capital-raising or financing transactions, potential strategic transactions, including mergers, acquisitions, and other business combinations; grants and awards under equity compensation plans; stock splits and dividends; and other general corporate purpose transactions. As a general matter, the Company would be able to issue the additional authorized shares of common stock in its discretion from time to time, subject to and as limited by, rules or listing requirements of the NYSE American or any other then applicable securities exchange, and without further action or approval of the Company's shareholders. The discretion of the Board of Directors, however, would be subject to any other applicable rules and regulations in the case of any particular issuance or reservation for issuance that might require the Company's shareholders to approve such transaction. We currently have 95,000,000 shares of authorized capital stock consisting of 45,000,000 shares of common stock with a par value of \$0.001 and 50,000,000 shares of preferred stock with no par value. As of April 30, 2018, there were 6,086,635 shares of the 45,000,000 authorized common shares issued and outstanding and 16,017,101.733 of our authorized preferred stock issued and outstanding. We also have 2,261,700 shares reserved for issuance upon conversion of our preferred stock, 525,250 shares reserved for our stock option and incentive plan and 3,077,425 shares reserved for outstanding warrants. By approving the Amendment, you are voting to increase our authorized capital stock by an additional 155,000,000, shares for total authorized capital stock of 250,000,000. The Board of Directors does not intend to issue any shares except on terms that it considers to be in the best interests of the Company and its shareholders.

As of the date of this Proxy Statement we have no immediate plans, proposals, understandings, agreements or commitments to issue the additional shares of common stock we are seeking through the Amendment for funding, acquisitions or any other purpose, (except for the possible issuance of shares for future financings and upon the exercise of our outstanding options and warrants). However, we review and evaluate potential capital raising activities, strategic transactions and other corporate actions on an ongoing basis to determine if such actions would be in our best interest and the best interest of our shareholders.

Impact of the Amendment

The additional shares of common stock for which authorization is sought would be a part of the existing class of common stock. If and when issued, these shares would have the same rights and privileges as the shares of common stock presently outstanding. No holder of common stock has any preemptive rights to acquire additional shares of our common stock. One of our largest current shareholders, Intrexon Corporation, has a participation right in connection with the Company's issuance of shares in future financings to acquire up to 30% of such public or private qualifying financing, raising in excess of \$1.0 million.

Common Stock

The terms of the additional shares of Common Stock will be identical to those of the currently outstanding shares of Common Stock. However, because holders of Common Stock, other than Intrexon Corporation which has certain participation rights with respect to future financing, have no preemptive rights to purchase or subscribe for any

Table of Contents

unissued stock of the Company, the issuance of additional shares of Common Stock will reduce the current shareholders' percentage ownership interest in the total outstanding shares of Common Stock. This amendment and the creation of additional shares of authorized Common Stock will not alter the current number of issued shares. The relative rights and limitations of the shares of Common Stock will remain unchanged under this amendment.

The proposed increase in the authorized number of shares of Common Stock could have a number of effects on our shareholders depending upon the exact nature and circumstances of any actual issuances of authorized but unissued shares. The increase could have an anti-takeover effect, in that additional shares could be issued (within the limits imposed by applicable law) in one or more transactions that could make a change in control or takeover of us more difficult. For example, additional shares could be issued by us so as to dilute the stock ownership or voting rights of persons seeking to obtain control of us, even if the persons seeking to obtain control offers an above-market premium that is favored by a majority of the independent shareholders. Similarly, the issuance of additional shares to certain persons allied with our management could have the effect of making it more difficult to remove our current management by diluting the stock ownership or voting rights of persons seeking to cause such removal. We have no plans or proposals to adopt other provisions or enter into other arrangements, that may have material anti-takeover consequences. We are not aware of any attempt, or contemplated attempt, to acquire control of us, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device.

Our shareholders should recognize that, as a result of this proposal, they will own a fewer percentage of shares with respect to our total authorized shares, than they presently own, and will be diluted as a result of any issuance of Common Stock by us in the future.

There are currently no specific plans, arrangements, commitments or understandings for the issuance of the additional shares of Common Stock which are proposed to be authorized (except with respect to potential issuances of shares upon our future financing efforts and exercise of currently outstanding options and warrants).

Preferred Stock

Currently, we are authorized to issue up to 50,000,000 shares of preferred stock and we have issued 16,017,101.733 shares of preferred stock as of the Record Date. The Amendment does not change the number of shares of blank check preferred stock our board of directors is authorized to issue, however, our board of directors would be able to issue existing shares of authorized preferred stock with such designations, powers, preferences and rights as may be determined from time to time by our board of directors which include conversion rights into a greater number of common shares through the approval of the Amendment. This means that, if the Amendment is approved, except as may be required by law, NYSE American LLC rules or the approval rights of current holders of our outstanding preferred stock, no further shareholder approval would be required prior to the issuance of shares of preferred stock convertible into the common stock authorized by the Amendment. For example, under NYSE American LLC rules, in certain circumstances shareholder approval is required for any potential issuance of 20% or more of our outstanding shares of common stock (including upon conversion of convertible preferred stock) or 20% or more of the voting power outstanding before such issuance.

Our board of directors believes that authorization of additional shares of common stock is prudent because it is advisable to have the ability to authorize such shares of common stock and have them available in order to enhance our flexibility to consider and respond to future financing needs and opportunities as they arise from time to time, including possible issuances of convertible preferred stock in connection with such activities as public or private offerings of shares for cash and other corporate purposes. We cannot provide assurances that any such transactions will (i) be consummated on favorable terms or at all, (ii) enhance shareholder value or (iii) not adversely affect our business or the trading price of our common stock.

The authorization of the common stock will not have any immediate effect on the rights of existing shareholders. However, in connection with the issuance of any convertible preferred stock based on convertible authorized and available blank check preferred, our board of directors would have the authority to designate and issue series of our preferred stock with dividend, liquidation, conversion, voting or other rights that may be superior to those of our common stock. The effects of the issuance of preferred stock upon holders of our common stock may include, among other things: (1) a preference in the payment of dividends to holders of preferred stock, which may restrict our ability to declare dividends on our common stock; (2) dilution of voting power if holders of preferred stock are given voting rights; (3) dilution of equity interests and voting power if the preferred stock is convertible, and converted into, common stock; or (4) a preference in payments upon liquidation to holders of preferred stock, which may limit liquidation payments on our common stock.

Table of Contents

There are currently no specific plans, arrangements, commitments or understandings for the issuance of the additional shares of preferred stock which are proposed to be authorized (other than as may be required in connection with future financings).

Certain Risks Associated with the Amendment

The issuance of additional shares of common stock could reduce existing shareholders' percentage ownership and voting power in the Company and, depending on the transaction in which they are issued, could affect the per share book value or other per share financial measures.

By voting in favor of this proposal, you are voting to increase our authorized capital stock by an additional 155,000,000 shares for total authorized capital stock of 250,000,000. Because our Amended and Restated Articles of Incorporation do not confer to our shareholders preemptive rights with respect to our common stock, when our Board of Directors elects to issue additional shares of common stock in the future, existing shareholders would not have a preferential right to purchase these shares and could suffer substantial dilution. You would suffer dilution in the book value of your shares if the additional capital stock is sold at prices lower than the price at which you purchased your common stock.

The Amendment could, under certain circumstances, have an anti-takeover effect, although that is not our intention with this proposal. For example, in the event of a hostile attempt to take control of the Company, it may be possible for the Board of Directors to impede that attempt by issuing shares of common stock, which would dilute the voting power for the other outstanding shares and increase the potential cost to acquire control of the Company. This Amendment therefore may have the effect of discouraging unsolicited takeover attempts, potentially limiting the opportunities of our stockholders to dispose of their shares at a premium, which may be offered in takeover attempts or a merger proposal. The Amendment may have the effect of permitting our current management, including the current Board of Directors, to retain its position. However, as of the date of this Proxy Statement, the Board of Directors is not aware of any attempt to take control of the Company, and the Board of Directors has not presented this proposal with the intent that it be utilized as a type of anti-takeover device.

Procedure For Amending Articles Of Incorporation-Text Of Amendment

Provided that this proposal is approved by our shareholders, an Amendment to our Amended and Restated Articles of Incorporation, specifically amending Article II thereof will be filed with the Secretary of State of the State of Florida and upon such filing the Amendment will become effective. A copy of the proposed amendment is attached hereto as **Appendix A**. The paragraph in Article II of our Amended and Restated Articles of Incorporation captioned "*Capital Stock*" is proposed to be replaced with the following text:

"Capital Stock. The aggregate number of shares of all classes of capital stock which this Corporation shall have authority to issue is Two Hundred Fifty Million (250,000,000), consisting of (i) Two Hundred Million (200,000,000) shares of common stock, par value \$0.001 per share (the "Common Stock"), and (ii) Fifty Million (50,000,000) shares of preferred stock, no par value (the "Preferred Stock")."

The only substantive changes would be to increase the number of shares of common stock that the Company may issue from 45,000,000 shares to 200,000,000 shares and to reflect a corresponding increase in the aggregate number of shares of capital stock that may be issued from 95,000,000 to 250,000,000 shares.

If the proposed amendment is not approved by the Company's shareholders, the number of authorized shares of common stock will remain unchanged.

No Dissenters' Rights

No dissenters' rights are available to any shareholder who dissents from the proposals to amend the Articles of Incorporation under the Florida Business Corporation Act ("FBCA") or under our current Amended and Restated Articles of Incorporation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THIS PROPOSAL TO GRANT OUR BOARD OF DIRECTORS AUTHORITY TO AMEND OUR ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK.

PROPOSAL IV

APPROVAL OF AN AMENDMENT TO INCREASE THE NUMBER OF COMMON SHARES AVAILABLE FOR ISSUANCE UNDER THE 2012 INCENTIVE PLAN BY 1,500,000 SHARES

Summary

We are asking our shareholders to approve an amendment to our 2012 Equity Incentive Plan (the “2012 Incentive Plan”) to increase the shares authorized to be issued thereunder by 1,500,000 shares from 750,000 to 2,250,000.

In October of 2012 our shareholders approved the amendment, restatement and retitling of our prior stock option and incentive plan, as amended, to the 2012 Equity Incentive Plan (the “2012 Incentive Plan”) currently in place. In addition, at that time, our shareholders also approved an amendment to increase the number of shares authorized for issuance thereunder from 112,500 to 400,000 shares.

On March 16, 2017, our board of directors approved an amendment to the 2012 Incentive Plan, increasing the number of shares authorized for issuance under the 2012 Incentive Plan by 150,000 shares from 400,000 to 550,000 shares and the shareholders approved the increase in authorized shares.

On December 1, 2017, the Company shareholders approved an increase in the number of authorized shares for issuance under the Plan by 200,000 shares from 550,000 shares to 750,000 shares.

On April 19, 2018, our board of directors approved an amendment to the 2012 Incentive Plan (the “Third Amendment”), increasing the number of shares authorized for issuance under the 2012 Incentive Plan by 1,500,000 shares from 750,000 to 2,250,000 shares. The board of directors has recommended that the Third Amendment be submitted to our shareholders for their approval. A copy of the Third Amendment is attached hereto as **Appendix B**.

In reviewing our compensation practices, including in light of various evolving market practices, as well as to enhance the Company’s flexibility to make awards, our board of directors determined to make the above change to the 2012 Incentive Plan. In addition, the proposed amendment increasing the number of shares authorized for issuance under the 2012 Incentive Plan ensures our ability to continue to grant stock options and other awards, which are vital to our ability to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which we must compete. Our employees are our most valuable asset, and such awards are crucial to our ability to motivate individuals in our service to achieve our goals. We believe strongly that the approval of the Third Amendment to our 2012 Incentive Plan, as proposed, is instrumental to our continued success.

In addition, shareholder approval of the Third Amendment is intended to satisfy the shareholder approval requirements under Section 162(m) of the Internal Revenue Code, so as to permit us to deduct under federal income tax law certain amounts paid under the 2012 Incentive Plan to executive officers that might otherwise not be deductible.

Section 162(m) of the Internal Revenue Code generally prevents public companies from deducting compensation paid in excess of \$1,000,000 to any one of certain of their executive officers during any single year. Under current law, this restriction applies to compensation paid to our Chief Executive Officer and our other three most highly compensated executive officers listed in our “Summary Compensation Table” in this proxy statement. Certain “performance-based compensation” is specifically exempted from this deduction limit if it otherwise meets the requirements of Section 162(m).

Stock options and stock appreciation rights that are structured such that the recipient’s compensation is based solely on the appreciation of the value of the underlying shares from the date of grant until the date of exercise may qualify as performance-based compensation if, among other requirements, the plan under which the awards are granted is shareholder-approved and contains a limit on the number of shares that may be granted under options or stock appreciation rights to any one individual during a specified period. As a result, the 2012 Incentive Plan provides that for Section 162(m) purposes no participant may be granted awards, other than cash awards, in any one fiscal year that, in the aggregate, cover more than 100,000 shares.

Table of Contents

Additional requirements apply to certain other forms of compensation, such as cash awards and restricted stock and restricted stock unit awards, in order for them to qualify as performance-based compensation, including a requirement that payment under the awards be contingent upon the achievement of certain performance goals that are established in a manner specified under Section 162(m). As a result, the 2012 Incentive Plan permits us to issue certain awards that incorporate performance goals and provides that these performance goals may be based upon: annual revenue, cash position, earnings per share, individual objectives, net income, operating cash flow, operating income, return on assets, return on equity, return on sales and total shareholder return. The performance goals must be established and approved by the Committee during the first 90 days of the performance period (and, in the case of performance periods of less than one year, in no event after 25% or more of the performance period has elapsed) and while performance relating to such targets remains substantially uncertain.

The following table presents the shares covered by the options contemplated to be awarded under the 2012 Incentive Plan, to our named executive officers and to our non-employee directors pursuant to the terms of our current Director Compensation Program.

Vote Required and Board of Directors' Recommendation

Approval of the Third Amendment to the 2012 Incentive Plan requires the affirmative vote of the holders of a majority of the shares of our common stock that are voting on this Proposal IV in person or by proxy and entitled to vote at the Annual Meeting. In the event the shareholders fail to approve the Third Amendment to the 2012 Incentive Plan, the existing 2012 Incentive Plan will continue in operation pursuant to its terms. Even if the Third Amendment to the 2012 Incentive Plan is approved, the board of directors may, pursuant to the terms of the 2012 Incentive Plan and subject to any applicable exchange where the Company may be listed, make any other changes to the 2012 Incentive Plan that it feels would be in our and our shareholders' best interests.

Because each of our directors and executive officers are eligible to participate in the 2012 Incentive Plan, the approval of the Third Amendment to the 2012 Incentive Plan impacts each of our directors and executive officers and thus each of our directors and executive officers has a personal interest in this proposal and its approval by our shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE THIRD AMENDMENT TO THE 2012 EQUITY INCENTIVE PLAN.

Summary of the 2012 Incentive Plan

The following is a summary of the principal features of the 2012 Incentive Plan and its operation. Because it is not a complete description of all of the terms and conditions of the 2012 Incentive Plan, the summary is qualified in its entirety by reference to the full text of the 2012 Incentive Plan, as previously filed by us in Form 8-K on October 25, 2012.

Background and Purpose of the 2012 Incentive Plan

The 2012 Incentive Plan is intended to continue to attract, motivate and retain employees, consultants and non-employee directors and to encourage their stock ownership in the Company thereby aligning their interests with those of the Company's shareholders. The increase in authorized shares contemplated by the Third Amendment to the 2012 Incentive Plan would enable the Company to continue to be able to make awards thereunder. The Third Amendment to the 2012 Incentive Plan will also permit the Company to continue to make awards of incentive stock options to eligible employees.

[Table of Contents](#)

The purpose of the 2012 Incentive Plan is to give the Company a competitive advantage in attracting, retaining and motivating officers, employees, non-employee Directors, and consultants, and to provide the Company with a stock plan that could provide incentives linked to the financial results of the Company's business and to increases in shareholder value.

Types of Awards Granted under the 2012 Incentive Plan

The 2012 Incentive Plan permits the grant of the following types of incentive awards: (1) stock options, including incentive stock options and nonqualified stock options, (2) stock appreciation rights, (3) restricted stock, (4) restricted stock units and (5) cash awards (each, an "Award").

Administration of the 2012 Incentive Plan

The Board is authorized to appoint a committee of at least two non-employee members of the Board (the "Committee") to administer the 2012 Incentive Plan. To make grants to certain of the Company's officers and key employees, the members of this Committee must qualify as "non-employee directors" under Rule 16b-3 of the Securities Exchange Act of 1934 (the "Exchange Act"), and as "outside directors" under Section 162(m) of the Internal Revenue Code (so that the Company can receive a federal tax deduction for certain compensation paid under the 2012 Incentive Plan). The Board has delegated general administrative authority for the 2012 Incentive Plan to the Compensation Committee of the Board (the "Compensation Committee").

Subject to the terms of the 2012 Incentive Plan, the Committee has the discretion to select the employees, consultants and directors who will receive Awards, to determine the terms and conditions of such Awards (for example, the number of shares subject to an Award, the exercise price, and vesting schedule), to interpret the provisions of the 2012 Incentive Plan and outstanding Awards, to amend outstanding Awards (including the authority to accelerate vesting), to extend an option's post-termination exercise period (but not beyond the original option term), and to adopt, interpret, amend or revoke rules for the administration, interpretation and application of the 2012 Incentive Plan.

Except to the extent the Board has reserved the authority to review and approve grants to named executive officers or to approve and ratify other actions of the Committee, the Committee may delegate any part of its authority and powers under the 2012 Incentive Plan to one or more of the Company's directors and/or officers, but only the Committee itself can make Awards to participants who are the Company's executive officers. References to the Committee in this proposal include the Committee and any directors or officers to whom the Committee properly delegates authority.

Authorized Shares

The aggregate number of shares of our common stock currently authorized pursuant to the 2012 Incentive Plan is 750,000 shares. As of April 30, 2018, 224,750 shares have been issued under the 2012 Incentive Plan. As a result of such issuances, there is currently an aggregate of 525,250 shares available for issuance under the 2012 Incentive Plan, of which 260,633 shares are covered by outstanding option awards and 264,617 shares are available for future awards under the 2012 Incentive Plan (plus shares subject to outstanding awards that might in the future be returned to the 2012 Incentive Plan as a result of cancellations or expirations of awards). As of April 30, 2018, options outstanding under the 2012 Incentive Plan have a weighted average per share exercise price of \$9.01.

If the proposed amendment to the 2012 Incentive Plan is approved, the aggregate number of shares of the Company's common stock that currently may be issued pursuant to Awards under the 2012 Incentive Plan will be 2,250,000 shares and

- the maximum number of shares that may be subject to stock options and stock appreciation rights granted under the 2012 Incentive Plan to any individual in a calendar year would be 100,000 shares, and

Table of Contents

- the maximum number of shares that may be subject to awards intended to qualify as “performance-based compensation” under Section 162(m) of the Internal Revenue Code (other than stock options and stock appreciation rights) granted under the 2012 Incentive Plan to any individual in a calendar year would be 100,000 shares.

If an Award is settled in cash, or is cancelled, terminates, expires, or lapses for any reason (with the exception of the termination of a tandem stock appreciation right upon exercise of the related option, or the termination of a related option upon exercise of the corresponding tandem stock appreciation right), any shares subject to such Award again shall be available for subsequent Awards under the 2012 Incentive Plan. Shares that are exchanged by a participant or withheld by the Company as full or partial payment in connection with any Award under the 2012 Incentive Plan, as well as any shares exchanged by a participant or withheld by the Company or one of its affiliates to satisfy the tax withholding obligations related to any Award, shall not be available for subsequent Awards under the 2012 Incentive Plan. To the extent that shares are delivered pursuant to the exercise of a stock appreciation right or option granted under the 2012 Incentive Plan, the number of underlying shares as to which the exercise related shall be counted against the applicable share limits above, as opposed to only counting the shares issued. (For purposes of clarity, if a stock appreciation right relates to 100,000 shares and is exercised at a time when the payment due to the participant is 15,000 shares, 100,000 shares shall be charged against the applicable share limits under the 2012 Incentive Plan with respect to such exercise.)

In the event that any dividend or other distribution (whether in the form of cash, the Company’s common stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of the Company’s common stock or other securities, or other change in the Company’s corporate structure affecting the Company’s common stock occurs such that an adjustment is determined by the Committee (in its sole discretion) to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the 2012 Incentive Plan, the Committee shall, in such manner as it may deem equitable, (a) adjust the number and class of shares (or other securities) available for issuance under the 2012 Incentive Plan and the number, class, and price of shares (or other securities) subject to outstanding Awards or (b) make provision for a cash payment or for the assumption, substitution or exchange of any or all outstanding Awards or the cash, securities or property deliverable to the holder of any or all outstanding Awards, based upon the distribution or consideration payable to holders of the Company’s common stock upon or in respect of such event.

Eligibility to Receive Awards

The Committee selects the employees (including executive officers), consultants and directors who will be granted Awards under the 2012 Incentive Plan. As of April 30, 2018, the Company had fourteen (14) officers and employees, including all of the Company’s named executive officers who are still serving in that capacity as of April 30, 2018, and four non-employee directors who were eligible to receive Awards under the 2012 Incentive Plan. The actual number of individuals who will receive an Award under the 2012 Incentive Plan cannot be determined in advance because the Committee has the discretion to select the participants.

Stock Options

A stock option is the right to acquire shares of the Company’s common stock at a fixed exercise price for a fixed period of time. Under the 2012 Incentive Plan, the Committee may grant nonqualified stock options and/or incentive stock options. The Committee will determine the number of shares covered by each option.

The exercise price of the shares subject to each option is set by the Committee but generally cannot be less than 100% of the fair market value on the date of grant. In addition, the exercise price of an incentive stock option must be at least 110% of fair market value (on the grant date) if the participant owns stock possessing more than 10% of the total combined voting power of all classes of the Company’s stock and any of the Company’s subsidiaries. However, the Company may grant certain options with exercise prices equal to less than the fair market value of the Company’s common stock on the date of grant in connection with its acquisition of another company. The fair market value of the Company’s common stock is generally the last quoted sales price for the shares traded on NYSE MKT on the applicable date.

Table of Contents

As of April 30, 2018, the closing price of our common stock was \$1.30 per share. The aggregate fair market value of the shares (determined on the grant date) covered by incentive stock options which first become exercisable by any participant during any calendar year may not exceed \$100,000. Any shares in excess of this limit will be treated as subject to a nonqualified stock option. If the employee holds more than one incentive stock option, the incentive stock options are considered in the order in which they were granted.

An option granted under the 2012 Incentive Plan cannot generally be exercised until it becomes vested. The Committee establishes the vesting schedule of each option at the time of grant. The Committee may, in its discretion, condition the vesting of any option granted under the Plan on satisfaction of (i) any minimum period of continued employment or other continued service with the Company the Committee deems appropriate, or (ii) satisfaction of one or more performance goals the Committee deems appropriate, or (iii) a combination of service vesting and satisfaction of performance goals set by the Committee. After an option is granted, the Committee may, in its sole discretion, modify or accelerate the vesting of the option.

Options vest and become exercisable at the times and on the terms established by the Committee at the time of grant. Options granted under the 2012 Incentive Plan expire at the times established by the Committee, but not later than 10 years after the grant date (such term is limited to five years in the case of an incentive stock option granted to a participant who owns stock possessing more than 10% of the total combined voting power of all classes of the Company's stock and any of the Company's subsidiaries). The Committee may determine the effect of termination of employment or service on the rights and benefits under options and in doing so may make distinctions based upon the cause of termination or other factors.

The exercise price of each option granted under the 2012 Incentive Plan must be paid in full in cash or its equivalent at the time of exercise. The Committee also may permit payment through the tender of shares that are already owned by the participant, or by any other form of legally permissible consolidation which the Committee determines to be consistent with the purpose of the 2012 Incentive Plan.

Stock Appreciation Rights

Awards of stock appreciation rights may be granted in tandem with or in connection to all or any part of an option, either concurrently with the grant of an option or at any time thereafter during the term of the option, or may be granted independently of options. The Committee has complete discretion to determine the number of stock appreciation rights granted to any employee, consultant or director.

The Committee determines the terms of stock appreciation rights, except that the exercise price of a stock appreciation right that is granted independently of an option may not be less than 100% of the fair market value of the shares on the date of grant and the exercise price of a stock appreciation right that is granted in tandem with or in connection to an option may not be less than the exercise price of the related option. In addition, the Committee may determine the effect of termination of employment or service on the rights and benefits under stock appreciation rights and in doing so may make distinctions based upon the cause of termination or other factors.

A stock appreciation right granted in tandem with an option will entitle the participant to exercise the stock appreciation right by surrendering to the Company a portion of the unexercised related option. The participant will receive in exchange from the Company an amount equal to the excess of the fair market value of the shares on the date of exercise of the stock appreciation right covered by the surrendered portion of the related option over the exercise price of the shares covered by the surrendered portion of the related option. When a stock appreciation right granted in tandem with an option is exercised, the related option, to the extent surrendered, will cease to be exercisable. A stock appreciation right granted in connection with an option will be exercisable until, and will expire no later than, the date on which the related option ceases to be exercisable or expires. A stock appreciation right granted in connection with an option will automatically be deemed exercised after the related option is exercised.

Stock appreciation rights may also be granted independently of options. Such a stock appreciation right will entitle the participant, upon exercise, to receive from the Company an amount equal to the excess of the fair market value of the shares on the date of exercise over the exercise price. A stock appreciation right granted without a related option will be exercisable, in whole or in part, at such time as the Committee will specify in the stock appreciation right agreement. Stock appreciation rights granted under the 2012 Incentive Plan expire at the times established by the Committee, but not later than ten years after the date of grant.

[Table of Contents](#)

The Company's obligation arising upon the exercise of a stock appreciation right may be paid in shares, in cash, or any combination thereof, as the Committee may determine.

Restricted Stock and Restricted Stock Units

Awards of restricted stock are shares that vest in accordance with the terms and conditions established by the Committee. Restricted stock units represent a promise to deliver shares of the Company's common stock, or an amount of cash or property equal to the underlying shares, at a future date. The Committee will determine the number of shares subject to a restricted stock Award or restricted stock unit Award granted to any employee, consultant or director, and the other terms of the Award (including the purchase price, if any, and transfer restrictions).

In determining whether an Award of restricted stock or restricted stock units should be made, and/or the vesting schedule for any such Award, the Committee may impose whatever conditions to vesting as it determines to be appropriate or determine that fully-vested shares should be awarded. The Committee may, in its discretion, condition the vesting of any restricted stock or restricted stock units granted under the Plan on satisfaction of (i) any minimum period of continued employment or other continued service with the Company the Committee deems appropriate, or (ii) satisfaction of one or more performance goals the Committee deems appropriate, or (iii) a combination of service vesting and satisfaction of performance goals set by the Committee. For example, the Committee may determine to grant an Award of restricted stock or restricted stock units that will vest only if the participant continues employment and certain performance goals established by the Committee are satisfied.

The Committee may also provide that Awards of restricted stock or restricted stock units include rights to receive dividends or dividend equivalents based on the amount of dividends paid on outstanding shares of the Company's common stock, provided that as to any dividend equivalent rights granted in connection with an Award granted under the 2012 Incentive Plan that is subject to performance-based vesting requirements, no dividend equivalent payment will be made unless the related performance-based vesting conditions of the Award are satisfied (or, in the case of a restricted stock or similar Award where the dividend must be paid as a matter of law, the dividend payment will be subject to forfeiture or repayment, as the case may be, if the related performance-based vesting conditions are not satisfied).

Cash Awards

Cash awards may be granted either alone, in addition to, or in tandem with other Awards granted under the 2012 Incentive Plan. After the Committee determines that it will offer a cash award, it shall advise the participant, by means of an award agreement, of the terms, conditions and restrictions related to the cash award. The grant or vesting of a cash award may be made contingent on the achievement of performance goals established by the Committee. Nothing in the 2012 Incentive Plan prevents the Company from granting cash awards outside of the 2012 Incentive Plan in any amount to any employee or other service provider.

Performance Goals

Awards under the 2012 Incentive Plan may be made subject to performance conditions as well as time-vesting conditions. Awards that are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code may include performance conditions that are established and administered in accordance with the requirements of Section 162(m) of the Internal Revenue Code and based on an objective formula or standard utilizing one or more of the following factors and any objectively verifiable adjustment(s) thereto permitted and pre-established by the Committee in accordance with Section 162(m) of the Internal Revenue Code: annual revenue, cash position, earnings per share, individual objectives, net income, operating cash flow, operating income, regulatory approvals, return on assets, return on investment, return on sales, stock price and total shareholder return. Performance goals may differ from participant to participant and from Award to Award.

Change of Control

In the event of a "change of control" of the Company, the Committee may provide for the successor corporation to either assume or provide a substitute award for each outstanding stock option and stock appreciation right. If the successor corporation assumes or provides a replacement Award and the participant is terminated by the successor corporation for reasons other than "misconduct" during the 12-month period following the change of control, then such participant's options and stock appreciation rights will immediately vest and become exercisable as to all of the shares subject to such Award.

Table of Contents

Additionally, in the event of a “change of control” of the Company, the Committee may provide for any vesting conditions or Company repurchase or reacquisition rights with respect to restricted stock and restricted stock units to be assigned to the successor corporation. In the event the successor corporation refuses to assume any such vesting conditions or repurchase or reacquisition rights, such vesting conditions or repurchase or reacquisition rights will lapse and the participant will be fully vested in such shares of restricted stock or restricted stock units. If the vesting conditions or repurchase or reacquisition rights are assigned to the successor corporation and the participant is terminated by the successor corporation for reasons other than “misconduct” during the 12-month period following such change of control, then any vesting conditions or repurchase or reacquisition rights will lapse with respect to such participant’s restricted stock and restricted stock units (or the property for which the restricted stock and restricted stock units were converted upon the change of control) and the participant will be fully vested in such restricted stock and restricted stock units (or the property for which the restricted stock and restricted stock units were converted upon the change of control). The Committee may also provide in the Award agreement or other agreements that one or more Awards will be subject to different vesting rules than those described above in connection with a change of control of the Company.

In the event the successor corporation refuses to assume the outstanding stock option or SAR awards, or to provide substitute awards, the Committee may notify affected participants that the options or stock appreciation rights under the 2012 Incentive Plan will immediately vest and become exercisable as to all of the shares subject to such Award in connection with the transaction, and, in the Committee’s discretion, provide that any stock options and stock appreciation rights which have not been exercised by the effective date may be cancelled in exchange for the right to receive a cash payment from the Company equal to the excess of the value of the transaction consideration to be paid to shareholders over the exercise price for the option or stock appreciation rights, and that such options and stock appreciation rights will terminate upon the completion of the change of control and receipt of such cash payments. Similarly, if the successor corporation refuses to assume outstanding restricted stock units or provide substitute awards, the Committee may provide that any outstanding restricted stock units be cancelled in exchange for the right to receive a cash payment from the Company equal to the excess of the value of the transaction consideration to be paid to shareholders in the transaction.

The Committee may provide for cash awards to be assumed or an equivalent cash award substituted by the successor corporation in the event of a “change of control.” In the event that the successor corporation refuses to assume or substitute for the cash award, the participant will become fully vested in the cash award. If the cash award is assumed or substituted for and within 12 months following the “change of control” the participant is terminated by the successor corporation for reasons other than “misconduct,” the participant will become fully vested in the cash award.

Limited Transferability of Awards

Awards granted under the 2012 Incentive Plan generally may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the applicable laws of descent and distribution. However, participants may, in a manner specified by the Committee, transfer nonqualified stock options (a) pursuant to a court-approved domestic relations order relating to child support, alimony payments or marital property rights and (b) by bona fide gift to (1) a member of the participant’s immediate family; (2) a trust or other entity for the sole benefit of the participant and/or his or her immediate family; (3) a partnership, limited liability company or other entity whose members are the participant and/or his or her immediate family; or (4) certain limited tax-qualified charities.

Amendment and Termination of the 2012 Incentive Plan

The Board generally may amend, suspend or terminate the 2012 Incentive Plan at any time and for any reason (subject to shareholder consent as may be required by applicable law). However, no amendment or termination of the 2012 Incentive Plan may alter or impair the rights of a participant with respect to an outstanding Award without his or her consent; provided that such consent shall not be required if the Board determines, in its sole and absolute discretion, that the amendment, suspension or termination (a) is required or advisable in order for the Company, the 2012 Incentive Plan or the Award to satisfy applicable law, to meet the requirements of any accounting standard or to avoid any adverse accounting treatment, or (b) in connection with any change of control event, is in the best interests of the Company or its shareholders.

[Table of Contents](#)

Unless terminated by the Board, the 2012 Incentive Plan does not have a term. However, no incentive stock option may be granted under the 2012 Incentive Plan after ten years from the latest date the Company's shareholders approve the 2012 Incentive Plan, including any subsequent amendment or restatement of the 2012 Incentive Plan approved by the Company's shareholders. Further, for awards to qualify as "performance-based compensation" for purposes of Code Section 162(m), the Company's shareholders must re-approve the material terms of the performance goals used under the 2012 Incentive Plan at least once every five years. Outstanding Awards generally will continue following the expiration or termination of the 2012 Incentive Plan until they expire pursuant to the terms of such Awards.

Federal Income Tax Consequences

The following is a brief summary of the general federal income tax consequences to U.S. taxpayers and the Company with respect to the grant, vesting and exercise of Awards granted under the 2012 Incentive Plan. This summary does not purport to be complete and does not discuss the tax consequences of a participant's death, the tax consequences of an Award that is subject to but does not satisfy the deferred compensation rules of Section 409A of the Internal Revenue Code, or the tax laws of any locality, state or foreign country in which the participant may reside. Tax consequences for any particular individual may be different.

Nonqualified Stock Options. No taxable income is recognized when a nonqualified stock option is granted to a participant. Upon exercise of a nonqualified stock option with respect to vested shares, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with exercise of a nonqualified stock option would be added to the tax basis of the shares and, with respect to an employee, is subject to tax withholding by the Company. Any additional gain or loss recognized upon any later disposition of the shares would be either long-term or short-term capital gain or loss, depending on how long the stock was held.

Incentive Stock Options. No taxable income is recognized when an incentive stock option is granted or exercised, although the excess (if any) of the fair market value of the shares at exercise over the exercise price paid is treated as an item of income for alternative minimum tax purposes in the year of the exercise, and may subject the participant to alternative minimum tax. Alternative minimum tax is an alternative method of calculating the income tax that must be paid each year, which includes certain additional items of income and tax preferences and disallows or limits certain deductions otherwise allowable for regular tax purposes. Alternative minimum tax is payable only to the extent that the alternative minimum tax exceeds "ordinary" federal income tax for the year (computed without regard to certain credits and special taxes).

If the participant exercises the incentive stock option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as long-term capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, (a) if the sale price exceeds the exercise price, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option, and the excess (if any) between the sales price and the fair market value of the shares on the exercise date will be taxed as capital gain or (b) if the sale price is less than the exercise price, the participant will recognize a capital loss equal to the difference between the exercise price and the sale price.

In the case of both nonqualified stock options and incentive stock options, special federal income tax rules apply if the Company's common stock is used to pay all or part of the option exercise price, and different rules than those described above will apply if unvested shares are purchased on exercise of the option.

Stock Appreciation Rights. No taxable income is recognized when a stock appreciation right is granted to a participant. Upon exercise of a stock appreciation right, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received by the participant as of the payment date. Any additional gain or loss recognized upon any later disposition of the shares would be either long-term or short-term capital gain or loss, depending on how long the stock was held.

Restricted Stock and Restricted Stock Units. No taxable income is generally recognized when restricted stock or restricted stock units are granted to a participant if the shares are subject to vesting requirements. Upon vesting (or at grant as to any shares that are vested at grant), the participant will generally recognize income in an amount equal to the excess of the fair market value of the shares over any amount the participant paid for the shares.

Table of Contents

A participant who receives unvested shares of restricted stock under a stock Award may make an election under Section 83(b) of the Code at the time of transfer of the shares to recognize income based upon the fair market value of the stock on the date of transfer. Any additional gain or loss recognized upon any later disposition of the shares would be either long-term or short-term capital gain or loss, depending on how long the stock was held.

The ordinary income on an Award of restricted stock or restricted stock units recognized by an employee will be subject to tax withholding by the Company.

Cash Awards. Upon receipt of cash, the recipient will have taxable ordinary income, in the year of receipt, equal to the cash received. Any cash received by an employee will be subject to tax withholding by the Company.

Tax Effect for the Company. The Company generally will be entitled to a tax deduction in connection with an Award under the 2012 Incentive Plan in an amount equal to the ordinary income realized by a participant at the time the participant recognizes such income (for example, upon the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to the chief executive officer and to certain of the Company's other executive officers. If compensation attributable to Awards to such individuals is not "performance-based" within the meaning of Section 162(m) of the Internal Revenue Code, the Company may not be permitted to deduct compensation paid to such individuals to the extent that aggregate non-performance-based compensation exceeds \$1,000,000 per individual in any tax year. Furthermore, if an Award is accelerated under the 2012 Incentive Plan in connection with a "change in control" (as this term is used under the Internal Revenue Code), the Company may not be permitted to deduct the portion of the compensation attributable to the acceleration ("parachute payments") if it exceeds certain threshold limits under the Internal Revenue Code (and certain related excise taxes may be triggered).

Accounting Treatment

The Company will recognize compensation expense in connection with Awards granted under the 2012 Incentive Plan as required under applicable accounting standards. The Company currently amortizes compensation expense associated with equity Awards over an Award's requisite service period and establishes the fair value of equity Awards in accordance with applicable accounting standards.

If there are any additional services to be provided, a request for pre-approval must be submitted by management to the Audit Committee for its consideration.

CORPORATE GOVERNANCE

Oragenics' current corporate governance practices and policies are designed to promote shareholder value, and Oragenics is committed to the highest standards of corporate ethics and diligent compliance with financial accounting and reporting rules. Our Board provides independent leadership in the exercise of its responsibilities. Our management oversees a system of internal controls and compliance with corporate policies and applicable laws and regulations, and our employees operate in a climate of responsibility, candor and integrity. You can access information regarding our corporate governance practices on our web site at www.oragenics.com/governance.html

Corporate Governance Principles

Our Board has adopted Board of Directors Corporate Governance Policy, which sets forth the principles that guide the Board's exercise of its responsibility to oversee corporate governance, maintain its independence, evaluate its own performance and the performance of our executive officers and set corporate strategy. Our Corporate Governance Policy, states that currently different individuals fill the roles of Chairman and Chief Executive Officer. Our Board first adopted these Corporate Governance Principles in December 2009 and may refine them from time to time. You can access our Corporate Governance Principles on our web site at www.oragenics.com/governance.html.

Code of Ethics/Standards of Business Conduct

It is our policy to conduct our operations in compliance with all applicable laws and regulations and to operate our business under the fundamental principles of honesty, integrity and ethical behavior. This policy can be found in our Company Operating Principles, which is applicable to all of our directors, officers and employees, and which complies with the SEC's requirements and with listing standards of the NYSE American we have adopted.

Our Company Operating Principles are designed to promote honest and ethical conduct and compliance with all applicable laws, rules and regulations and to deter wrongdoing. Our Company Operating Principles are also aimed at ensuring that information we provide to the public (including our filings with and submissions to the SEC) is accurate, complete, fair, relevant, timely and understandable. Our Company Operating Principles can be accessed on our web site at www.oragenics.com/governance. We intend to disclose amendments to certain provisions of our Company Operating Principles, or waivers of such provisions granted to directors and executive officers, on our web site in accordance with applicable SEC requirements.

Independence of Directors

Our common stock is listed on a national securities exchange, the NYSE American. Accordingly, in determining whether our Directors are independent, we are required to comply with the rules of the NYSE American. We also expect to continue to comply with securities and other laws and regulations regarding the independence of directors, including those adopted under Section 301 of the Sarbanes-Oxley Act and Rule 10A-3 under the Securities and Exchange Act of 1934 with respect to the independence of Audit Committee members. The NYSE American listing standards define an "independent director" generally as a person, other than an officer of a company, who does not, in the view of the company's Board of Directors, have a relationship with the company that would interfere with the director's exercise of independent judgment. The Board has affirmatively determined that each of the following directors, constituting a majority of the Board, is independent within the meaning of the NYSE American listing standards:

Dr. Frederick W. Telling
Charles L. Pope
Dr. Alan Dunton

Such independence definition includes a series of objective tests, including that the director is not an executive officer employee of the company and has not engaged in various types of business dealings with the company. In addition, as further required by the NYSE American listing standards, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of

[Table of Contents](#)

independent judgment in carrying out the responsibilities of a director. As of June 24, 2016 the Board determined that Robert Koski no longer met the NYSE requirements for independence as a result of the Company's sale of its consumer probiotic business to ProBiora Health, a company owned and controlled by, Christine Koski, a former director, and sister of Robert Koski.

Board Leadership Structure

We currently separate the positions of Chief Executive Officer and Chairman of the Board. Since February 2011, Dr. Telling, one of our independent directors, has served as our non-executive Chairman of the Board. The responsibilities of the Chairman of the Board include: setting the agenda for each Board meeting, in consultation with the Chief Executive Officer; presiding at executive sessions; facilitating and conducting, with the Nominating Committee, the annual self-assessments by the Board and each standing committee of the Board, including periodic performance reviews of individual directors; and conducting, with the Compensation Committee, a formal evaluation of the Chief Executive Officer and other executive officers in the context of the annual compensation review.

Separating the positions of Chief Executive Officer and Chairman of the Board allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management. The Board believes that having an independent director serve as Chairman of the Board is the appropriate leadership structure for the Company at this time and demonstrates our commitment to good corporate governance.

In addition, as described in more detail below, our Board has three standing committees, each chairman and each member of which is an independent director. Our Board delegates substantial responsibility to each Board committee, which reports their activities and actions back to the Board. We believe that our independent Board committees and their chairmen are an important aspect of our Board leadership structure.

Risk Oversight

Our Board, as a whole and through its committees, has responsibility for the oversight of risk management. With the oversight of our Board, our officers are responsible for the day-to-day management of the material risks Oragenics faces. In its oversight role, our Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. The involvement of the Board in setting our business strategy at least annually is a key part of its oversight of risk management, its assessment of management's appetite for risk and its determination of what constitutes an appropriate level of risk for Oragenics. The Board regularly receives updates from management and outside advisors regarding certain risks the Company faces, including potential litigation and various operating risks.

In addition, our Board committees each oversee certain aspects of risk management. For example, our Audit Committee is responsible for overseeing risk management of financial matters, financial reporting, the adequacy of our risk-related internal controls, and internal investigations; our Compensation Committee oversees risks related to compensation policies and practices; and our Nominating Committee oversees governance related risks, such as Board independence and conflicts of interest, as well as management and director succession planning. Our Board committees report their findings to the Board.

Senior management attends Board and Board committee meetings and is available to address any questions or concerns raised by the Board on risk management-related and any other matters. The Board holds periodic strategic planning sessions with senior management to discuss strategies, key challenges, and risks and opportunities for the Company.

Meetings of the Board of Directors and Committees

Board of Directors. Our property, affairs and business are under the general management of our Board of Directors as provided by the laws of the State of Florida and our Bylaws. The Board of Directors conducts its business through meetings of the full Board and through committees of the Board. The Board of Directors has appointed standing Audit, Compensation and Nominating Committees of the Board of Directors. The Board periodically reviews the size of the Board and recommends any changes it determines to be appropriate given our needs. Under our Bylaws, the number of members on the Board may be increased or decreased by resolution of the Board.

Table of Contents

The Board currently consists of five members. The Board has no formal policy regarding board member attendance at the Annual Meeting. All of our existing Directors attended the prior year's annual meeting and all of our Directors are expected to attend the current Annual Meeting. The Board of Directors met or unanimously consented to resolutions twenty three times during the year ended December 31, 2017 ("Fiscal 2017"). All Directors attended at least 75% of the aggregate number of meetings of the Board of Directors and Committees during Fiscal 2017. In conjunction with regularly scheduled meetings, our "independent" Directors met in separate executive sessions.

Audit Committee: The Audit Committee members currently consist of Mr. Charles Pope, Dr. Frederick Telling and Dr. Alan Dunton with Mr. Pope serving as Chairman. The Board has affirmatively determined that each such person met the independence requirements for audit committee purposes based on the more stringent independence standards imposed by applicable NYSE AMERICAN and SEC rules. In addition, the Board of Directors has determined that Mr. Pope is an "audit committee financial expert" as that term is defined in Item 407(d)(5) of Regulation S-K promulgated under the Securities and Exchange Act of 1934. In March 2004, the Audit Committee adopted a written charter which was modified on April 24, 2007 and on December 29, 2009. The Company believes that its Audit Committee Charter complies with the requirements related to Sarbanes-Oxley and a current copy of the Audit Committee Charter is available on our website at www.ragenics.com. The Audit Committee met or unanimously consented to resolutions five times during Fiscal 2017.

The Audit Committee has the sole authority to engage and discharge, review the independence, qualifications, activities and compensation of the Company's independent registered certified public accountants. The Audit Committee reports to the Board the appointment of the independent registered certified public accountants. The Audit Committee must assure regular rotation of the lead and concurring audit partners. The Audit Committee is responsible for the oversight of the Company's financial policies, control procedures, accounting staff, and reviews and approves the Company's financial statements. The Audit Committee is responsible for the review of transactions between the Company and any Company officer, Director or entity in which a Company officer or Director has a material interest. The Audit Committee must develop and maintain procedures for the submission of complaints and concerns about accounting and auditing matters. The Audit Committee must assure CEO and CFO certifications meet their obligations by performing a review and evaluation of the Company's disclosure controls and procedures. The Audit Committee has the authority to engage the services of an outside advisor when required. The Audit Committee must receive reports from the independent registered certified public accountants on critical accounting policies, significant accounting judgments and estimates, off-balance sheet transactions and non-Generally Accepted Accounting Principles financial measures.

Compensation Committee: The Compensation Committee consists of directors Dr. Alan Dunton, Dr. Frederick Telling and Mr. Charles Pope with Dr. Telling serving as Chairman. The Board has determined that each current member of the Compensation Committee meets the applicable requirements for independence. None of the Compensation Committee members has ever been an officer or employee of the Company. The Compensation Committee is responsible for establishing the compensation of the Company's Directors, Chief Executive Officer and all other executive officers, including salaries, bonuses, severance arrangements, and other executive officer benefits. The Committee also administers the Company's various incentive and stock option plans and designates both the persons receiving awards and the amounts and terms of the awards. The Compensation Committee adopted a charter in March 2004 to outline its compensation, benefits and management development philosophy and to communicate to shareholders the Company's compensation policies and the reasoning behind such policies as required by the Securities and Exchange Commission. The Charter was modified on April 24, 2007, on December 29, 2009 and again on June 6, 2013. A current copy of the compensation Committee charter is available on our website at www.ragenics.com. The Compensation Committee met three times during Fiscal 2017.

Nominating Committee: The Nominating Committee consists of directors Charles Pope, Dr. Alan Dunton and Dr. Frederick Telling with Mr. Pope serving as Chairman. The Board has determined that each current member of the Nominating Committee meets the applicable requirements for independence. The Nominating Committee met three times during Fiscal 2017. The Board adopted a nominating committee charter. The charter was updated on February 12, 2014. A current copy of the Nominating Committee's charter is available on our website. In addition to recommending candidates to the Board for election at the Annual shareholder Meeting, the Nominating Committee oversees the evaluation of the board as a whole and its committees, as well as individual evaluations of those directors who are being considered for possible re-nomination to the board. The evaluation process occurs annually and has, to date, been informal.

Table of Contents

The Nominating Committee has not established specific minimum age, education, and years of business experience or specific types of skills for potential director candidates, but, in general, expects qualified candidates will have ample experience and a proven record of business success and leadership. The Nominating Committee also believes it is appropriate for a member of the Company's management to participate as a member of the Board of Directors, although at present no such management member serves on the Board of Directors. The Nominating Committee will consider as candidates for director individuals who possess a high level of ethics, integrity and values, and who are committed to representing the long-term interests of our shareholders. Such candidates must be able to make a significant contribution to the governance of the Company by virtue of their business and financial expertise, educational and professional background. The business discipline that may be sought at any given time will vary depending on the needs and strategic direction of the Company, and the disciplines represented by incumbent directors. In evaluating candidates for nomination as a director, the Nominating Committee will also consider other criteria, including geographical representation, independence, practical wisdom, mature judgment and having sufficient time to devote to the affairs of the Company in order to carry out the responsibilities of a director. One or more of our directors is required to possess the education or experience required to qualify as an audit committee financial expert as defined in the applicable rules of the Securities and Exchange Commission. The Nominating Committee does not have a formal policy with respect to diversity; however, the Board of Directors and the Nominating Committee believe that it is essential that the members of the Board of Directors represent diverse viewpoints and a diverse mix of the specific criteria above. The entire Board of Directors is polled for suggestions as to individuals meeting the aforementioned criteria. Research may also be performed to identify qualified individuals. To date the Company has not engaged third parties to identify or evaluate or assist in identifying potential nominees.

Shareholder Recommendation of Nominees. The Board does not currently have a policy with regard to the consideration of any Director candidates recommended by security holders. Given the Company's current size, stage of development, and size of the Board, the Board believes that it is not currently appropriate to establish a separate policy for security holders to submit such recommendations. Notwithstanding the lack of a formal policy regarding security holder nominations, the Board may from time to time consider candidates proposed for consideration for service on the Company's Board by security holders. The Nominating Committee will consider qualified director nominees recommended by shareholders when such recommendations are submitted in accordance with applicable law, rule or regulation regarding director nominations. Shareholders may submit candidates for nomination to our Board of Directors by writing to: Nominating Committee of the Board of Directors, Orogenics, Inc., 4902 Eisenhower Blvd., Suite 125, Tampa, Florida 33634.

When submitting a nomination to us for consideration, a shareholder must provide certain information about each person whom the shareholder proposes to nominate for election as a director, including: (i) the name, age, business address and residence address of the person; (ii) the principal occupation or employment of the person; (iii) the class or series and number of shares of our capital stock owned beneficially or of record by the person; and (iv) any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Securities Exchange Act of 1934, or the Exchange Act, and the rules and regulations promulgated thereunder. Such notice must be accompanied by the proposed nominee's written consent to be named as a nominee and to serve as a director if elected. The Board has not set any specific minimum qualifications that must be met by a nominee presented for consideration to the Board by a security holder. A Board member may become aware of a potential nominee and present such nominee to the full Board for consideration at a Board meeting. The Board would evaluate the candidate and determine whether such person should be considered for Board service based on a variety of criteria including but not limited to, whether the individual has experience in the Company's industry, potential conflicts, and the person's ability to work with existing Board members and expected contributions. The Board would evaluate a nominee submitted by a security holder in the same or similar manner as one recommended by the Nominating Committee.

Direct Shareholder Communication to Board Members

The Company does not currently have a formal process for direct security holder communications to the Board. The basis for the Board's view that it is appropriate for the Company to not have such a formal process includes but is not limited to the following: the Company's limited financial and personnel resources, the Company's stage of operations and development and the ability for security holders to communicate with Board members informally.

Shareholders with questions about the Company are encouraged to contact the Company's Corporate Secretary. However, if shareholders feel their questions have not been addressed, they may communicate with the Company's Board of Directors by sending their communications to an individual director(s) or to the Company's Board of Directors, c/o Corporate Secretary, Oragenics, Inc., 4902 Eisenhower Blvd., Suite 125, Tampa, Florida 33634. All shareholder communications received by the Company's Corporate Secretary in this manner will be delivered to the individual director(s) or to the Company's Board of Directors.

The Chairman of the Board of Directors, Dr. Frederick Telling, is an independent director and has been designated by the Board of Directors to preside at the executive sessions of the independent directors. If interested parties wish to make a concern known to the independent directors, they may do so in a writing addressed to the Chairman of the Board, Oragenics, Inc., 4902 Eisenhower Blvd., Suite 125, Tampa, Florida 33634.

Director Compensation

The Director Compensation program for 2017 consisted of the following:

Non-employee directors

Cash Compensation. The Director compensation program for 2017 provided that all non-employee Directors would receive an annual base fee for service on the Board of \$45,000. In addition, the Chairperson of the Board and of our Audit Committee, Compensation Committee and Nominating Committee would also receive annual fees of \$40,000, \$20,000, \$15,000 and \$10,000, respectively. All non-employee Directors serving on our Audit Committee, Compensation Committee and Nominating Committee (other than as the Chairperson) would receive an annual fee of \$10,000, \$7,500, and \$5,000, respectively, in connection with such committee service. In addition, from time to time, the Board may establish special committees and in connection therewith determine the cash compensation that would be paid to the directors serving on a special committee at the time of the establishment of such committee. All fees for Board service are to be paid on or before the last business day of each quarter.

The Board is expecting to meet in-person for a minimum of four meetings each year. To the extent, the Board meets in excess of six in-person meetings an additional per meeting fee would also be considered to be paid to each director by the Board for such additional in-person meeting. To the extent the Board determines to establish a special committee or a special committee was previously established and continues to function, the Board would determine the cash compensation payable to each director serving on any such special committee.

Equity Compensation-New Director. Equity compensation is issued to Directors upon joining our Board. Non-employee Directors receive a stock option for the purchase of 500 shares of our common stock at an exercise price per share equal to the fair market value per share on date they became a Director, which will immediately vest and be exercisable for ten years, subject to early termination under the terms of the 2012 Equity Incentive Plan (the "Plan"). In addition, as part of the Director Compensation Program each non-employee director receives an annual award of (i) 4,000 shares of restricted stock and (ii) an award of 8,000 stock options.

Annual Equity Compensation Awards. On February 9, 2017, the Board approved as part of the Director Compensation Program an annual award of 4,000 shares of restricted common stock for each director, vesting evenly over the four quarters of the year. This equity award would be made under our Plan. In addition, and substantially consistent with the Director Compensation Program, on June 22, 2017, the Board approved stock option awards in the amount of 14,000, to each of the Company's non-employee directors, under our Plan at an exercise price of \$3.70 per share, the closing price on the June 22, 2017, the date of grant. The Board determined to increase the annual award of options by 6,000 shares due to the significant amount of additional time the non-employee directors were required to spend on Company business and financing matters. The options are subject to time-based vesting in equal annual

installments over a one-year period on the anniversary of the date of the grant, provided that the recipient remains a director of the Company through the vesting date. The stock option and restricted stock awards are subject to the standard terms and conditions of the Company's form of stock option and restricted stock agreements which include earlier vesting upon a change in control of the Company.

Discretionary Awards. As part of the Director Compensation Program, the Board may also make discretionary equity-based awards from time to time under our Plan.

Minimum dollar value stock ownership requirements. Each non-employee director receiving the above equity based awards will be subject to a minimum dollar value stock ownership holding requirement with respect to the awards received as well as all prior equity awards under the Plan which requirement is intended to align the ability to sell shares with the performance of the Company's stock price. The non-employee Directors will each be subject to a minimum dollar value stock ownership requirement equal to six times the annual Board retainer (\$270,000) below which dollar threshold they would be precluded from selling shares of Company stock acquired from the Company under its Plan.

Reimbursement of Expenses. Non-employee Directors are also reimbursed for expenses incurred in connection with their attendance at Board or committee meetings and reasonable out-of-pocket business expenses associated with their Board service.

Long-term Incentive Compensation. The Company did not have a Long Term Incentive Compensation plan in place performance in 2017 for its Non-Employee Directors.

The following table sets forth the compensation of our non-employee Directors in 2017. For Dr. Joslyn, our Chief Executive Officer and only management director, no separate compensation is paid for his service as a director. For a summary of Dr. Joslyn's compensation see the Summary Compensation Table.

EXECUTIVE COMPENSATION

Compensation Practices and Risk

The following “Compensation Discussion and Analysis” section describes generally our compensation policies and practices that are applicable for executive and management employees. We use common variable compensation designs across all of our business units and divisions, with a significant focus on corporate and business financial performance as generally described in this Proxy Statement.

Compensation Discussion and Analysis

Throughout this section of the Proxy Statement, the individuals who served as the Company’s chief executive officer and chief financial officer, as well as the other individuals included in the Summary Compensation Table herein, are referred to as the “named executive officers.”

Overview of Compensation Program

The Compensation Committee of the Company’s Board of Directors is responsible for establishing and evaluating the Company’s policies governing the compensation of its executive officers, including its named executive officers. The Compensation Committee reviews and proposes recommendations to the Board of Directors regarding the compensation to be paid to the Chief Executive Officer. In addition, the Compensation Committee reviews and approves the compensation to be paid to all other executive officers. The Compensation Committee ensures that the total compensation paid to the Company’s executive officers is fair, reasonable and competitive.

Compensation Objective

The Company’s executive compensation programs are designed to achieve the following objectives:

- Attract and retain talented and experienced executive officers;
- Motivate and reward executive officers whose knowledge, skills, performance and business relationships are critical to the Company’s success;
- Align the interests of the Company’s executive officers and shareholders by motivating executive officers to ultimately increase shareholder value;
- Compensate the Company’s executive officers to manage the Company’s business to meet its short term and long-range goals;
- Ensure fairness among the executive officers by recognizing the contributions each executive officer makes to the Company’s success; and
- Provide a competitive compensation package which includes some pay for performance factors.

Role of Others in Compensation Decisions

The Compensation Committee makes all of the decisions with respect to the compensation received by the Company’s executive officers other than the Company’s chief executive officer which the Committee reviews and proposes recommendations to the Board of Directors. The Compensation Committee meets outside the presence of all of the Company’s executive officers to consider appropriate compensation recommendations for the Company’s chief executive officer. For all other executive officers, the Compensation Committee meets outside the presence of all executive officers except for the Company’s chief executive officer. The Company’s chief executive officer periodically reviews each of the other executive officers’ performance with the Compensation Committee and makes recommendations to the Compensation Committee with respect to any appropriate changes in base salary, bonus and grants of long-term equity incentive awards for the executive officers, excluding himself. Based in part on these recommendations and other considerations, the Compensation Committee reviews and approves such compensation arrangements of the Company’s executive officers other than the Company’s chief executive officer. The Compensation Committee also annually analyzes the chief executive officer’s performance and determines his salary, annual cash bonus and grants of long-term equity incentive awards and makes recommendations to the Board of Directors. The Compensation Committee reviews and makes recommendation to the Board of Directors regarding all new equity related incentive plans for senior management.

Table of Contents

Consideration of Most Recent Shareholder Advisory Vote on Executive Compensation

The Compensation Committee also considers the results of the Company's most recent shareholder advisory vote on executive compensation. At the Company's previous annual meeting, the Company's shareholders voted overwhelmingly in favor of the compensation of our named executive officers: approximately 83.7% of the shares represented in person or by proxy having voted in favor of the program. In light of these results, the Compensation Committee decided to substantially continue to continue the executive compensation program in 2017. The Board of Directors previously determined that future shareholder advisory votes on executive compensation will be submitted to shareholders of the Company annually until the next required advisory vote on the frequency of conducting advisory votes on executive compensation.

Clawback Policy

In order to further align management's interests with those of shareholders and to support the Company's governance practices, the Board of Directors adopted a recoupment policy applicable to annual bonuses and other short-term and long-term incentive compensation based on financial targets ("Incentive Compensation") received by current and former executive officers of the Company and such other senior executives/employees of the Company who may from time to time be deemed subject to the policy by the Board of Directors ("Covered Executive"). The policy provides that if, as a result of a restatement of the Company's financial statements due to the Company's material noncompliance with any financial reporting requirement under the securities laws, a Covered Executive received more Incentive Compensation than the Covered Executive would have received absent the incorrect financial statements, the Company shall recover said excess Incentive Compensation (defined as the excess of (i) the actual amount of Incentive Compensation paid to the Covered Executive over (ii) the Incentive Compensation that would have been paid based on the restated financial results during the three-year period preceding the date on which the Company is required to prepare such restatement). The policy also provides that if the Board of Directors makes a determination in its sole discretion that a Covered Executive engaged in Misconduct (as defined below), the Board of Directors may require reimbursement or forfeiture of all or part of the Incentive Compensation received by the Covered Executive. The Board of Directors may use its judgment in determining the amount to be recovered. Misconduct is defined as (i) conviction of a felony, (ii) material breach of any agreement with the Company, (iii) material breach of any Company policy or code, (iv) act of theft, embezzlement or fraud, (v) misrepresentation or misstatement of financial or performance results, and (vi) any other act or event that the Board of Directors has determined that recoupment is appropriate.

2017 Executive Compensation Components

For the fiscal year ended December 31, 2017, the principal components of compensation for the Company's executive officers were:

- Annual base salary;
- Bonus;
- Long-term equity based incentive compensation;
- Other benefits.

Annual Base Salary

Base salary is designed to attract and retain experienced executive officers who can drive the achievement of the Company's goals. While the initial base salary for the Company's executive officers was determined by an assessment based upon the responsibilities of the position, the expected contribution of the position to our business, the experience and skill required for the position, and competition in the marketplace for the talent; the factors used in determining increases in base salary include individual performance, changes in role and/or responsibility and changes in the competitive market environment. The Compensation Committee periodically reviews the base salary for each executive officer.

Table of Contents

Bonus

The Company typically establishes performance based bonus targets for its named executive officers, however, in the current year the Compensation Committee determined to forego specific performance targets and instead rely on discretionary based bonuses for executive officers and employees in 2017. This determination was largely attributable to the Company's primary need and focus on financing the Company.

Long-Term Equity Incentive Compensation

The Company awards long-term equity incentive awards to executive officers, including the named executive officers, as part of its total compensation package. These awards are consistent with the Company's pay for performance principles and align the interests of the executive officers to the interests of the Company's shareholders. The Compensation Committee reviews and approves the amount of each award to be granted to each named executive officer. Long-term equity incentive awards are made pursuant to the Plan.

The Company's long-term equity incentives are currently in the form of options to acquire its common stock. Stock option awards provide the Company's executive officers with the right to purchase shares of its common stock at a fixed exercise price for a period of up to ten years under the Plan. Stock options are granted under the Plan at a price not less than the prevailing market value at the time of grant and will have realizable value only if the Company's stock price increases. Stock options are earned on the basis of continued service to the Company and generally vest over a number of years or based upon other specific performance based criteria.

The Company's long-term equity incentive also can be in the form of restricted share awards of the Company's common stock under the Plan. Restricted stock awards provide the Company's executive officers with the shares of its common stock subject to certain restrictions and/or vesting requirements. Restricted stock shares will be earned on the basis of continued service to the Company and will vest as set forth in the separate award agreements.

The Compensation Committee determines the amount and features of the stock options and/or restricted stock, if any, to be awarded to executive officers. The Compensation Committee evaluates a number of criteria, including the past service of each such executive officer to the Company, the present and potential contributions of such executive officer to the Company's success and such other factors as the Compensation Committee shall deem relevant in connection with accomplishing the purposes of the Plan, including the executive officer's current stock holdings, years of service, position with the Company and other factors. The Compensation Committee will not apply a formula assigning specific weights to any of these factors when making its determination.

Other Benefits

Retirement Benefits. The Company maintains a Simple Individual Retirement Arrangement plan in which all full-time employees, including the Company's named executive officers, are eligible to participate. The Company provides this plan to help its employees save some amount of their cash compensation for retirement in a tax efficient manner. The Company does not provide an option for its employees to invest in the Company's stock under the 401k plan. The Company matches 100% of the employee's contribution up to a maximum of 3% of the employee's compensation.

Health and Welfare Benefits. All full-time employees, including our named executive officers, may participate in the Company's health and welfare benefit programs, including medical, dental and vision care coverage as may be provided and applicable to all employees.

Perquisites. Because the Company provides limited perquisites to certain executive officers, the Company does not believe these perquisites and other personal benefits constitute a material component of the executive officers' compensation packages.

[Table of Contents](#)

Employment Agreements

During 2017, the Company had employment agreements in effect with Dr. Alan Joslyn, Mr. Michael Sullivan, and Dr. Martin Handfield. The Company entered into employment agreements with these officers to ensure that they would perform their respective roles with the Company for an extended period of time. In addition, the Company also considered the critical nature of each of their positions and the Company's need to retain them when the Company committed to these agreements. See "Employment Contracts and Change in Control Arrangements."

Bonus Plan 2017

The Company's Bonus plan for 2017 for its named executive officers did not include specific performance based measures but instead was determined to be discretion based as determined by the Compensation Committee. The Compensation Committee did not take action in 2017 with respect to determining any discretionary bonuses for named officers in 2017 and has not, through the date of this proxy statement, determined to award any discretionary bonuses.

2017 Compensation Decisions

The Company believes that the total compensation paid to its named executive officers for the fiscal year ended December 31, 2017 achieved the overall objectives of its executive compensation program. In accordance with its overall objectives, executive compensation for 2017 was competitive with other similarly-sized companies. The Compensation Committee took the following key compensation actions in 2017:

- ***Determination of Annual Base Salaries***

The Compensation Committee did not authorize or approve any changes in the annual salary for any of the Company's named executive officers during 2017.

- ***Determination of Equity Awards:***

We made stock option grants to Dr. Joslyn, Mr. Sullivan, and Dr. Handfield of 14,000, 17,500, and 14,000 shares of common, respectively, under the Company's Plan at an exercise price of \$3.70 per share, the closing price on June 22, 2017, the date of grant. The options are subject to time-based vesting in equal annual installments over a three year period on the first, second, and third anniversaries of the date of the grant.

- ***Determination of Discretionary Cash Bonus:***

The Compensation Committee has yet to determine to award any discretionary cash based bonuses for the named executive officers pursuant to the terms of their employment agreements for 2017 however the Committee anticipates making discretionary cash based bonuses upon completion of a financing.

- (1) The amounts in this column represent the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification, Topic 718, Compensation—Stock Compensation (ASC 718). On June 22, 2017, Dr. Joslyn, Mr. Sullivan and Dr. Handfield were awarded stock options of 14,000, 17,500 and 14,000 shares, respectively under the Plan. The exercise price for these options was \$3.70 per share and was based on the closing price on the grant date. These options are subject to vesting in three annual installments of approximately 4,666, 5,833, and 4,666 shares, respectively, provided that each of Dr. Joslyn, Mr. Sullivan and Dr., Handfield continued their employment with the Company through such dates. Under SEC rules relating to executive compensation disclosure, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. Fair values relating to share grants have been determined under ASC 718 and were calculated using the common stock closing price on the date of grant and multiplying that price by the number of shares subject to the share grant. The equity-based compensation expense relating to the stock grants is recognized over the requisite service period of the grant. For option awards, we utilize the Black-Scholes option pricing model to determine the fair value on the date of the grant multiplied by the number of options subject to the option grants in accordance with ASC 718. The stock-based compensation expense relating to the stock option grants is recognized over the requisite service period of the grant and the amounts included in the Option Awards column do not reflect compensation actually received by the named executive officers. For information on the assumptions used to calculate the fair value of stock option grants, refer to Footnote 8 — “Stock Compensation Plan” in our financial statements for the year ended December 31, 2017.
- (2) Amounts in this column for Dr. Joslyn, Mr. Sullivan and Dr. Handfield represent the Company’s matching contributions to our Simple IRA retirement plan. The retirement plan requires us to match employee contributions up to the first 3% of compensation earned.

The Compensation Committee believes that our future success depends, in large part, upon our ability to maintain a competitive position in attracting, retaining and motivating key personnel. The Compensation Committee utilizes the Plan to provide incentives to employees. We do not have any separate long-term incentive plans that provide compensation intended to serve as incentives for performance other than awards contemplated under, or pursuant to, our Plan.

Employment Contracts and Change in Control Arrangements

Employment Agreement — Dr. Joslyn

We have entered into an Executive Employment Agreement dated as of June 6, 2016, with Dr. Alan Joslyn pursuant to which Dr. Joslyn serves as our President and Chief Executive. The employment term is a one-year term with an automatic 12 month extension unless either party provides the other 30 days' prior written notice of its intention not to renew the employment agreement.

Dr. Joslyn received a one-time signing bonus of \$25,000 upon execution of the employment agreement and is currently entitled to receive an annual base salary of \$350,000 which is subject to annual review and adjustment by the Company's Board of Directors. He is eligible to receive annual performance bonus from the Company of up to fifty percent (50%) of his annual base salary based upon appropriate Company-based and individual-based targets specified by the Compensation Committee of the Board, in its discretion, as approved by the full Board of Directors. Dr. Joslyn is also entitled to participate in our employee benefit plans on terms comparable to other full time employees as well as four weeks paid vacation annually.

The employment agreement also provided for Dr. Joslyn to be granted equity awards under the Company's 2012 Amended and Restated Equity Incentive Plan consisting of (i) stock options to purchase 30,000 shares of the Company's common stock at an exercise price equal to \$5.50 per share which stock options shall vest in six installments of 5,000 shares each every six months after June 6, 2016, provided that he has continued his employment with the Company through such dates, and (ii) 3,000 shares of restricted stock of the Company, vesting in two installments on the six month and twelve month anniversaries of June 6, 2016. All of the performance bonuses, as well as any equity awards which are granted to Dr. Joslyn or which become vested as a result of the satisfaction of financial performance goals of the Company, are subject to the Company's policy on recoupment or clawback of executive incentive compensation.

Dr. Joslyn is subject to a covenant not to disclose our confidential information during his employment term and an assignment of intellectual property rights. Also, during his employment term and for a period of 12 months thereafter, Dr. Joslyn covenants not to compete with us and not to solicit any of our customers, vendors or employees. If Dr. Joslyn breaches any of these covenants, the Company will be entitled to injunctive relief.

If Dr. Joslyn's employment is terminated by us for Cause (as defined in his employment agreement) or by Dr. Joslyn during the term of the agreement, he will be entitled to receive his (i) his then-current annual base salary through the date of termination; (ii) any reimbursable expenses for which he has not yet been reimbursed as of the date of termination; and (iii) any other rights and vested benefits (if any) provided under employee benefit plans and programs of the Company, determined in accordance with the applicable terms and provisions of such plans and programs ("Accrued Compensation").

If Dr. Joslyn's employment is terminated by us without "Cause", subject to his execution of a release of claims against us, and in addition to the payment of the Accrued Compensation, the Company is obligated to make payments to Dr. Joslyn within 60 days after his termination date equal to six months of his annual base salary, as in effect at the termination date, plus any earned but unpaid bonus (the "Additional Severance Payments").

The employment agreement also contains change of control provisions providing that if Dr. Joslyn's employment with the Company is terminated by the Company without Cause during the period of ninety (90) days following a Change in Control (as that term is defined below) of the Company, in lieu of the Additional Severance Payments described above, Dr. Joslyn will be entitled to receive a severance payment equal to the sum of (i) six (6) months of his annual base salary, at the higher of the base salary rate in effect on the date of termination or the base salary rate in effect immediately before the effective date of the Change of Control, and (ii) his Performance Bonus for the year which includes the effective date of the Change in Control, payable at the target level of performance, which will be paid in a single lump sum after his execution and non-revocation of the Release. In addition, he will also receive in the same payment the amount of any performance bonus that, as of the date of termination, has been earned by Dr. Joslyn but has not yet been paid by the Company. If Dr. Joslyn holds any stock options or other stock awards granted under the Company's Plan which are not fully vested at the time his employment with the Company is terminated by the Company without Cause during the period of ninety (90) days following a Change in Control, such equity awards shall

Table of Contents

become fully vested as of the termination date. For purposes of the employment agreement, the term “Change in Control” means a transaction or series of transactions which constitutes a sale of control of the Company, a change in effective control of the Company, or a sale of all or substantially all of the assets of the Company, or a transaction which qualifies as a “change in ownership” or “change in effective control” of the Company or a “change in ownership of substantially all of the assets” of the Company under the standards set forth in Treasury Regulation section 1.409A-3(i)(5).

Dr. Joslyn’s employment agreement also provides that each of the payments and benefits under the agreement are subject to compliance with Section 409A of the Code and it includes time of payment language intended to comply with Section 409A requirements.

Employment Agreements — Mr. Sullivan and Dr. Handfield

We have entered into employment agreements with our Chief Financial Officer, Mr. Michael Sullivan and Dr. Martin Handfield, our Senior Vice-President of Research and Development (the “Employment Agreements”). The annual base salaries provided in the Employment Agreements are payable in installments consistent with our normal payroll practices. Mr. Sullivan and Dr. Handfield are also eligible under the Employment Agreements to receive annual bonuses during the term at the discretion of the Compensation Committee and the Board of Directors with Mr. Sullivan’s employment agreement providing for such a discretionary bonus of up to 35% of his base salary and with Dr. Handfield’s employment agreement providing for such a discretionary bonus of up to 25% of his base salary.

The Employment Agreements are terminable at any time by either party and if the executive officer is involuntarily terminated by us he shall receive his base salary and vacation pay each accrued through the date of termination, and any nonforfeitable benefits earned and payable to him under the terms of the employee handbook (which applies to all employees) and benefits available under any applicable incentive plan in which the executive participates. In addition, if the executive officer’s separation from employment is not voluntary and without cause, we would be obligated to pay the executive officer six months of his annual base salary as severance and the executive shall be entitled to out placement services. If the executive officer is terminated for cause, he shall be entitled to receive his base salary and accrued vacation due through the date of termination and any nonforfeitable benefits already earned and payable to the executive under the terms of the employee handbook or other applicable incentive plans maintained by us. Cause is defined in the Employment Agreements as any action that is illegal, immoral, or improper that reflects on the Company, the employee, or the ability of either to function optimally. If the executive officer voluntarily resigns, he shall be entitled to this base salary and accrued vacation due through the date of termination (including any mutually agreed upon notice period) and any nonforfeitable benefits already earned and payable to the executive officer employee under the terms of the employee handbook or other incentive plans maintained by us.

If the executive officer dies during the term of employment with us, his estate shall be paid his salary as it would have accrued over a period of thirty days after the executive officer’s death. We shall also extend the executive officer’s right to exercise vested stock options for six months. In the event the executive officer becomes disabled (as defined in the then applicable short and long-term disability insurance policies) we shall pay to the executive officer his salary as it would have accrued over a period of 30 days after the executive became so disabled and we shall extend the executive officer’s right to exercise vested stock options for six months.

The Employment Agreements also each include non-disclosure and Company ownership of invention provisions, as well as a provision providing for the Company to defend and indemnify the executive if the executive is named as a defendant in any lawsuit regarding any action taken within the scope of employment.

In the event of a change in control, any stock options or other awards granted (other than performance awards) under our Stock Incentive Plan shall become immediately vested in full and, in the case of stock options, exercisable in full. If the change in control results in an involuntary separation from employment of the executive officer within 180 days following a change in control, the executive officer would be entitled to (i) receive six months of salary and the extension of his benefits (excluding vacation time and paid time off) and (ii) exercise vested options for six months from the date of separation. Under the Employment Agreements, “involuntary separation of employment” means (i) termination without cause, (ii) any reduction in responsibilities of office altering the status of the executive officer as an employee, or (iii) the duplication of the executive officer’s position by an equivalent executive in an acquiring entity; and “change in control” means the sale of the entire company, or substantially all of its assets, or the sale of the

business unit employing an individual which results in the termination of employment or subsequent transfer of the employment relationship to another legal entity, or entity, or single party acquiring more shares than are owned by the Koski Family Limited Partnership, including its members and their immediate families, including spouses and their children.

On February 20, 2015, we entered into an amended and restated employment agreement, effective January 1, 2015, with Mr. Sullivan. The terms of Mr. Sullivan's amended and restated employment agreement were substantially similar to those of the previous agreement disclosed above except for:

1. The percentage of base salary eligible for bonus awards was set as previously disclosed for Mr. Sullivan at up to 35% of base salary.
2. A provision was added in Mr. Sullivan's agreement to provide for the clawback of bonuses pursuant to the Board's adoption of a clawback policy. In the A&R Employment Agreement Mr. Sullivan acknowledges and agrees that any incentive-based compensation paid to him will be subject to clawback or repayment to the extent such clawback or repayment is required by the terms of the Company's recoupment, clawback or similar policy as may be in effect from time to time, or as required by law.
3. A provision was added whereby Mr. Sullivan would be required to release the Company as a condition to receiving any severance benefit provided by his A&R Employment Agreement with the form of release added and attached as an exhibit to his A&R Employment Agreement.
4. The definition of a change of control in the prior agreement was revised to align it with the definition of a change in control set forth in the Company's Plan as follows:
 - (i) Any "person" (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) becomes the "beneficial owner" (as defined in Rule 13d 3 of the Exchange Act), directly or indirectly, of securities of the Company representing fifty percent (50%) or more of the total voting power represented by the Company's then outstanding voting securities;
 - (ii) The consummation of the sale or disposition by the Company of all or substantially all of the Company's assets;
 - (iii) A change in the composition of the Board occurring within a two-year period, as a result of which fewer than a majority of the directors are Incumbent Directors. "Incumbent Directors" means directors who either (A) are Directors as of the effective date of this Agreement, or (B) are elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the Directors at the time of such election or nomination (but will not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of directors to the Company); or
 - (iv) The consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or consolidation.

SECURITY OWNERSHIP OF MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

The following table sets forth information about beneficial ownership of our Common Stock as of April 30, 2018 (unless otherwise noted) by (i) each shareholder that has indicated in public filings that the shareholder beneficially owns more than five percent of the Common Stock, (ii) each of the Company's directors and named officers and (iii) all directors and officers as a group. Except as otherwise noted, each person listed below, either alone or together with members of the person's family sharing the same household, had, to our knowledge, sole voting and investment power with respect to the shares listed next to the person's name does not constitute an admission of beneficial ownership of those shares. With respect to the Series A and Series B Preferred Stock Financings (except as to the KFLP) the foregoing table specifically excludes all of the common stock issuable on conversion of the preferred shares and the exercise of the warrants as a result of there being a 4.99% equity blocker which prevents the holders of the preferred shares and the warrants from converting the preferred shares into common stock or exercising the warrants for common stock if such conversion or exercise would result in such holder's ownership at any given time exceeding 4.99% of the Company's outstanding common stock (which blocker may be waived by the holder upon 60 days' prior notice to the Company).

(1) Except as indicated, the address of the person named in the table is c/o Oragenics, Inc., 4902 Eisenhower Blvd., Suite 125, Tampa, Florida 33634.

(2) Percentage ownership of our common stock is based on 6,086,635 shares of common stock outstanding as of April 30, 2018. The following table is based upon information supplied by officers, directors and principal stockholders and a review of Schedules 13D and 13G, if any, and other documents filed with the SEC. We have determined beneficial ownership in accordance with the rules of the SEC. Unless otherwise indicated below, to our knowledge, the persons and entities named in the table below have sole voting and sole investment power with respect to all shares that they beneficially owned, subject to community property laws where applicable. In addition, we have deemed shares to be beneficially owned by a person if the person has the right to acquire shares (for example, upon exercise of an option or warrant) within 60 days of April 12, 2018 to be outstanding and to be beneficially owned by such person for the purpose of computing the percentage ownership of that person but have not treated them as outstanding for the purpose of computing the percentage ownership of any other person. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date. The inclusion in the table above of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

Hal Mintz is the manager of Sabby Management, LLC and has voting and investment control of the securities held by Sabby Volatility Warrant Master Fund, Ltd. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee of the Board of Directors (or, to the extent applicable, our disinterested directors) is responsible for reviewing all transactions between the Company and any officer or Director of the Company or any entity in which an officer or Director has a material interest. Any such transactions must be on terms no less favorable than those that could be obtained on an arms-length basis from independent third parties.

Financing Transactions

The Lantibiotic Exclusive Channel Collaboration Agreement with Intrexon Corporation (“Intrexon”)

On June 5, 2012, we entered into the Lantibiotic ECC with Intrexon that governs a “channel collaboration” arrangement in which we will use Intrexon’s advanced transgene and cell engineering platforms for the development and production of lantibiotics, a class of peptide antibiotics that are naturally produced in Gram-positive bacteria and contain the characteristic polycyclic thioether amino acids lanthionine and methyllanthionine (collectively, the “Lantibiotics Program”). The Lantibiotic ECC establishes committees comprised of our representatives and Intrexon representatives that will govern activities related to the Lantibiotics Program in the areas of project establishment, chemistry, manufacturing and controls matters, clinical and regulatory matters, commercialization efforts and intellectual property matters. Currently, the Joint Steering Committee has established projects for the Lantibiotics Program and established the priorities, as well as approved the budgets for such projects.

The Lantibiotic ECC grants us an exclusive worldwide license to use patents and other intellectual property of Intrexon in connection with the research, development, use, importing, exporting, manufacture, sale, and offer for sale of drug products involving the direct administration to humans or companion animals of a lantibiotic for the prevention or treatment of infectious disease (“Oragenics Products”). Such license is exclusive with respect to any clinical development, selling, offering for sale or other commercialization of Oragenics Products, and otherwise is non-exclusive. Subject to limited exceptions, we may not sublicense the rights described without Intrexon’s written consent.

Under the Lantibiotic ECC, and subject to certain exceptions, we are responsible for, among other things, funding the further anticipated development of lantibiotics toward the goal of commercialization, conducting nonclinical and clinical development of candidate lantibiotics, as well as for other aspects of manufacturing and the commercialization of the product(s). Among other things, Intrexon is responsible for technology discovery efforts, cell-engineering development, certain aspects of the manufacturing process, and costs of filing, prosecution and maintenance of Intrexon’s patents. Under the Lantibiotic ECC Intrexon has the option to perform any manufacturing activities in connection with the Lantibiotic Program that relate to the use of Intrexon material, the manufacture of bulk drug products, the manufacturing of bulk quantities, other components of Oragenics Products, or any earlier steps in the manufacturing process for Oragenics Products. To the extent Intrexon so elects, a separate manufacturing and supply agreement may be entered into between Intrexon and the Company.

In November of 2017 we amended the Lantibiotic ECC to: (i) consolidate the development milestone payments into one payment of \$25,000,000, being due six months after receiving FDA approval of a New Drug Application, (ii) reduce the sublicense revenue percentage we would have had to pay from 50% to 25% of sublicensing revenue, (iii) reduce the royalty rate from 25% of Product Profit to 10% of Net Sales, (iv) revise the form of milestone payments from being share based or cash at our election to only cash, and (v) commit that Diligent Efforts (as defined in the Lantibiotic ECC) in pursuing the Lantibiotic Program would be deemed satisfied in 2018 provided that at least \$1,200,000 was expended for the advancement of the Lantibiotic Program.

Pursuant to the terms of the amendment, we will pay Intrexon on a quarterly basis 10% of Net Sales derived in that quarter from the sale of products developed from the Lantibiotic ECC, calculated on an Oragenics Product-by-Oragenics Product basis and we will pay Intrexon on a quarterly basis 25% of revenue obtained in that quarter from a sublicensor in the event of a sublicensing arrangement.

We have agreed to indemnify and hold Intrexon harmless from any damages caused as a result of (i) our negligence or willful misconduct, (ii) the use, handling, storage, or transport of Intrexon Materials (as defined in the Lantibiotic ECC), (iii) our breach of a material representation, warranty or covenant in the Lantibiotic ECC, or (iv) the design, development, manufacture, regulatory approval, handling, storage, transport, distribution, sale or other disposition of any Oragenics Product.

Table of Contents

Intrexon may terminate the Lantibiotic ECC if we fail to use diligent efforts to develop and commercialize Oragenics Products or if we elect not to pursue the development of a Lantibiotics Program identified by Intrexon that is a “Superior Therapy” as defined in the Lantibiotic ECC. We may voluntarily terminate the Lantibiotic ECC at any time upon 90 days written notice to Intrexon.

Upon termination of the Lantibiotic ECC, we may continue to develop and commercialize any Oragenics Product that has been, at the time of termination:

- commercialized by us;
- approved by regulatory authorities;
- a subject of an application for regulatory approval that is pending before the applicable regulatory authority; or
- the subject of at least an ongoing Phase 1, Phase 2 or Phase 3 clinical trial in the Field (in the case of a termination by Intrexon due to an uncured material breach by the Company or a voluntary termination by us).

Our obligation to pay 10% of Net Sales, 25% of sublicensing revenue and the milestone payments described below with respect to these “retained” products as well as to use diligent efforts to develop and commercialize these “retained” Oragenics Products will survive termination of the Lantibiotic ECC.

In addition, in partial consideration for each party’s execution and delivery of the Lantibiotic ECC, we entered into a Stock Issuance Agreement with Intrexon. Pursuant to the Stock Issuance Agreement, we issued to Intrexon 439,243 shares of our common stock as an initial technology access fee, in consideration for the execution and delivery of the Lantibiotic ECC and granted Intrexon certain equity participation rights and registration rights.

The registration rights granted to Intrexon in the Stock Issuance Agreement by us consisted of “piggyback registration” rights which permit Intrexon to participate in any firm commitment underwritten offering of securities by us, subject to underwriter cutbacks and lockups. In addition, we are precluded from granting registration rights in connection with a private placement unless (i) all shares held by Intrexon are, at the time of such private placement, included on a registration statement, or (ii) we agree, in connection with such private placement, to grant Intrexon the right to include on the registration statement a number of Intrexon’s Company shares equal to one half of the number of shares to be registered on behalf of the other holders or prospective holders. Pursuant to Intrexon’s election in connection with a private placement, we have registered for resale all of the 439,243 shares of our common stock we issued to Intrexon under the Stock Issuance Agreement pursuant to Registration Statement on Form S-1 (Registration Number 333-224498) we filed with the SEC on April 27, 2018.

Pursuant to the Stock Issuance Agreement, Intrexon is also entitled, at its election, to participate in future securities offerings by us that constitute “qualified financings” and purchase securities equal to 30% of the number of shares of common stock or other securities sold in such offering (exclusive of Intrexon’s purchase). For this purpose, a “qualified financing” means a sale of common stock or equity securities convertible into common stock in a public or private offering, raising gross proceeds of at least \$1,000,000, where the sale of shares is either registered under the Securities Act of 1933, as amended, at the time of issuance or we agree to register the resale of such shares.

In November of 2017, the Stock Issuance Agreement and the Lantibiotic ECC were amended. Under the terms of the amendment, the Company has agreed to make certain payments, in cash, to Intrexon upon our achievement of designated milestones. The milestone events and amounts payable are as follows:

- (i) a one-time payment of twenty five million United States dollars (\$25,000,000) within six (6) months of the achievement of the Regulatory Approval Milestone Event meaning receiving approval from the FDA of a New Product Application for an Oragenics Product (or equivalent regulatory action in a foreign jurisdiction);
- (ii) a one-time payment of five million United States dollars (\$5,000,000) within six (6) months of the achievement of the New Indication Milestone Event meaning receiving approval from the FDA of a Supplemental FDA Application (or an equivalent filing with another equivalent regulatory agency) which Supplemental FDA Application sought approval of an indication for use of the Oragenics Product other than the current regulatory-approved indication; and

- (iii) a one-time payment of five million United States dollars (\$5,000,000) within six (6) months of the achievement of the New Product Milestone Event meaning receiving approval from the FDA of a New Product Application that is deemed to be a different drug product than the first Oragenics Product that was clinically pursued under the Lantibiotics Program.

On July 21, 2016, the Lantibiotics ECC was amended to revise the definition of Field in view of a provisional patent application filing between Intrexon and Oragenics and to further clarify Oragenics' rights under the Lantibiotic ECC to genetically modified *Streptococcus mutans* that express Lantibiotic(s).

During the year ended December 31, 2017 we paid cash of \$594 and issued Series C Preferred Stock with a value of \$1,188, and during the year ended December 31, 2016, we paid cash of \$548,994, to Intrexon relating to work performed under the Lantibiotics ECC.

September 2013-The Probiotics Exclusive Channel Collaboration Agreement with Intrexon

On September 30, 2013, the Company entered into the exclusive "channel collaboration" agreement with Intrexon in which the Company will use Intrexon's proprietary technology relating to the identification, design and production of genetically modified cells, DNA vectors and in vivo control of expression (the "Technology") for the development and commercialization of probiotics, specifically the direct administration to humans of genetically modified probiotics for the treatment of diseases of the oral cavity, throat, sinus and esophagus, including, but not limited to, aphthous stomatitis and Behcet's disease (collectively, the "Live Biotherapeutics Products ECC").

The Probiotics ECC granted the Company an exclusive worldwide license to utilize Intrexon's Technology to develop and commercialize probiotics, specifically the direct administration to humans of genetically modified probiotics for the treatment of diseases of the oral cavity, throat, sinus and esophagus ("Company Products"). Such license is exclusive with respect to any clinical development, selling, offering for sale or other commercialization of Company Products, and otherwise is non-exclusive. Subject to limited exceptions, the Company may not sublicense the rights described without Intrexon's written consent.

In partial consideration for each party's execution and delivery of the Probiotics ECC, on September 30, 2013 the Company entered into a Stock Purchase and Issuance Agreement and a First Amendment to the Stock Purchase and Issuance Agreement (collectively the "SPIA") with Intrexon. Pursuant to the SPIA, the Company paid Intrexon an up-front technology access fee of \$6,000,000 (the "Technology Access Fee") in consideration for the execution of the Probiotics ECC. The Technology Access Fee was paid to Intrexon by the Company through the (i) issuance of 134,800 (at \$30.00 per share) shares of the Company's common stock (the "Technology Access Shares"), and (ii) a convertible promissory note in the amount of \$1,956,000 which was payable, at the Company's option, in cash or shares of Company common stock (the "Convertible Note"). The Convertible Note matured on December 31, 2013 and required the Company to obtain shareholder approval prior to conversion of the Convertible Note. The conversion price was equal to the closing price per share of the Company's common stock on the last trading day immediately prior to the date of conversion. On December 18, 2013, the Company issued to Intrexon 69,825 shares of Company common stock in connection with the conversion of the Convertible Note. The Note was payable to Intrexon, at the Company's option, in cash or shares of Company common stock prior to the maturity date of December 31, 2013 and the conversion price was equal to the closing price on the NYSE MKT of the Company's common stock on the last trading day immediately prior to the date of conversion which was \$28.20 per share.

On September 30, 2013 the Company also sold to Intrexon 1,300 shares of the Company's common stock at a price per share of \$30.00 for gross proceeds of \$3,900,000. The proceeds from this sale of common stock were used for development of the Company's key initiatives relating to the Probiotics Program, and general corporate purposes.

On September 30, 2015, the Company and Intrexon mutually agreed to terminate the Live Biotherapeutic Products ECC. The termination of the Live Biotherapeutic Products ECC was to enable Oragenics to focus its resources on the lantibiotic and oral mucositis programs.

During the year ended December 31, 2016 and 2015, we paid \$0 and \$195, respectively, to Intrexon relating to work performed under the Live Biotherapeutics ECC.

June 2015-The Oral Mucositis Exclusive Channel Collaboration Agreement with Intrexon and Intrexon Actobiotics NV

On June 9, 2015, we entered into an Oral Mucositis ECC with Intrexon and Actobiotics, a wholly-owned subsidiary of Intrexon, through which we intend to research, develop and commercialize products, including the continued development and commercialization of AG013, for use in the treatment of oral mucositis in humans through the administration of an effector via genetically modified bacteria, but, in any case, excluding the delivery of anti-cancer effectors for the purpose of treatment or prophylaxis of cancer (collectively, the “Program”). Contemporaneously with the Oral Mucositis ECC, we and Intrexon also entered into a Stock Issuance Agreement (the “SIA”) which authorized the issuance of the Technology Access Fee and the future stock issuance of our Common Stock to Intrexon upon the achievement of designated milestones. We issued a Convertible Note in the amount of \$5,000,000 as payment of the technology access fee associated with the Oral Mucositis ECC which was payable, at our option, in cash or shares of our common stock. The convertible note, including accrued interest, was repaid in December 2015 through the issuance of 338,101 shares of our common stock.

The registration rights granted to Intrexon in the SIA by us consisted of “piggyback registration” rights which permit Intrexon to participate in any firm commitment underwritten offering of securities by us, subject to underwriter cutbacks and lockups. In addition, we are precluded from granting registration rights in connection with a private placement unless (i) all shares held by Intrexon are, at the time of such private placement, included on a registration statement, or (ii) we agree, in connection with such private placement, to grant Intrexon the right to include on the registration statement a number of Intrexon’s Company shares equal to one half of the number of shares to be registered on behalf of the other holders or prospective holders. Pursuant to Intrexon’s election in connection with a private placement, we have registered for resale 10,757 of the shares of our common stock we issued to Intrexon under the SIA pursuant to a Registration Statement on Form S-1 (Registration No. 333-224498) we filed with the SEC on April 27, 2018. The balance of the 327,344 shares we issued to Intrexon under the SIA remains subject to the registration rights set forth above.

The Oral Mucositis ECC governs the “channel collaboration” arrangement in which we will use Intrexon’s proprietary technology relating to the identification, design and production of genetically modified bacteria for the purpose of developing the Program.

The Oral Mucositis ECC provides for the establishment of committees comprised from us and Intrexon representatives that will govern activities in the areas of project establishment, chemistry, manufacturing and controls, clinical and regulatory matters, commercialization efforts, and intellectual property.

The Oral Mucositis ECC grants us an exclusive worldwide license to utilize Intrexon’s and Actobiotics’ intellectual property to develop and commercialize products, including the continued development and commercialization of AG013, for use in the treatment of oral mucositis in humans through the administration of an effector via genetically modified bacteria, but, in any case, excluding the delivery of anti-cancer effectors for the purpose of treatment or prophylaxis of cancer (the “Field”). It also grants us an exclusive license in the Field under all Information Controlled by Actobiotics (or otherwise by Intrexon) and existing as of the Effective Date relating to the regulatory approval of AG013, including regulatory filings, data, clinical trial reports, and rights thereunder.

Under the Oral Mucositis ECC, and subject to certain exceptions, we are responsible for, among other things, funding the further anticipated development of products toward the goal of commercialization, conducting preclinical and clinical development of candidate products, as well as for other aspects of manufacturing and the commercialization of the product(s). Among other things, Intrexon is responsible for technology discovery efforts, cell-engineering development, and certain aspects of the manufacturing process.

In November of 2017 we amended the Oral Mucositis ECC to: (i) consolidate the development milestone payments into one payment of \$27,500,000 being due within six months after receiving FDA approval of a New Product Application; (ii) reduce the sublicense revenue percentage we would have had to pay from 50% to 25% of sublicensing revenue; and (iii) revise the field in which we have exclusive rights to our Oral Mucositis product candidate for the treatment of Oral Mucositis to clarify that we have an exclusive for the treatment of Oral Mucositis in humans regardless of etiology.

Pursuant to the terms of the Oral Mucositis ECC, as amended, we are obligated to pay Intrexon on a quarterly basis 12% of the net sales derived from the sale of products developed from the exclusive channel collaboration. We are also obligated to pay Intrexon on a quarterly basis 25% of revenue obtained in that quarter from a sublicensor in the event of a sublicensing arrangement.

We have agreed to indemnify and hold Intrexon harmless from any damages caused as a result of (i) our negligence or willful misconduct, (ii) the use, handling, storage, or transport of Intrexon Materials (as defined in the Oral Mucositis ECC) or materials that are Actobiotics IP (as defined in the Oral Mucositis ECC), (iii) our breach of a material representation, warranty or covenant in the Oral Mucositis ECC, or (iv) the design, development, manufacture, regulatory approval, handling, storage, transport, distribution, sale or other disposition of any Oragenics Product.

Table of Contents

We may voluntarily terminate the Oral Mucositis ECC upon 90 days written notice to Intrexon. Intrexon may also terminate the Oral Mucositis ECC if we breach and fail to cure the breach within 60 days or we do not pursue development of a Superior Therapy identified by Intrexon that is a “Superior Therapy” as defined in the Oral Mucositis ECC.

Upon termination of the ECC, we may continue to develop and commercialize any Orogenics Product that, at the time of termination that satisfies at least one of the following criteria:

- (i) the particular Orogenics Product is being sold by the Company triggering profit sharing payments under the Oral Mucositis ECC to Intrexon;
- (ii) the particular Orogenics Product has received regulatory approval;
- (iii) the particular Orogenics Product is a subject of an application for regulatory approval in the Field covered by the ECC that is pending before the applicable regulatory authority;
- (iv) the particular Orogenics Product is AG013, and such Orogenics Product has been the subject of at least one completed Phase 2 clinical trial (as such is defined by relevant FDA guidelines) during the Term; or
- (v) the particular Orogenics Product other than AG013 and such Orogenics Product is the subject of at least an ongoing Phase 1, Phase 2 or Phase 3 clinical trial in the Field.

Our obligation to pay 12% of net sales, 25% of sublicensing revenue and the milestone payments described below with respect to these “retained” products as well as to use diligent efforts to develop and commercialize these “retained” Orogenics Products will survive termination of the Oral Mucositis ECC.

In November of 2017, the Stock Issuance Agreement and the Oral Mucositis ECC were amended. Under the terms of the amendment, the Company has agreed to make certain payments to Intrexon upon our achievement of designated milestones in the form of shares of our Common Stock (based upon the fair market value of the shares otherwise required to be issued) unless the issuance of such shares would reasonably likely cause Intrexon to consolidate our financial statements with Intrexon’s financial statements, or at our option make a cash payment to Intrexon. The milestone events and amounts payable are as follows:

- (i) a one-time payment of twenty seven million five hundred thousand United States dollars (\$27,500,000) within six (6) months of the achievement of the Regulatory Approval Milestone Event meaning receiving approval from the FDA of a New Product Application for an Orogenics Product (or equivalent regulatory action in a foreign jurisdiction);
- (ii) a one-time payment of five million United States dollars (\$5,000,000) within six (6) months of the achievement of the New Indication Milestone Event meaning receiving approval from the FDA of a Supplemental FDA Application (or an equivalent filing with another equivalent regulatory agency) which Supplemental FDA Application sought approval of an indication for use of the Orogenics Product other than the current regulatory-approved indication; and
- (iii) a one-time payment of five million United States dollars (\$5,000,000) within six (6) months of the achievement of the New Product Milestone Event meaning receiving approval from the FDA of a New Product Application that is deemed to be a different drug product that the first Orogenics Product that was clinically pursued under the Lantibiotics Program.

None of the Oral Mucositis ECC milestones had been achieved as of December 31, 2017.

During the year ended December 31, 2017 we paid cash of \$524,026 and issued Series C Preferred Stock with a value of \$763,189, and during the year ended December 31, 2016, we paid cash of \$932,645, to Intrexon under the Oral Mucositis ECC to develop and commercialize AG013.
